President Announces Decision To Withdraw 900 Marines This Morning

PRELIMINARY TO ENVOY'S ARRIVAL

Special Japanese Ambassador Due To Reach Washington This Week

By KINGSBURY SMITH

WASHINGTON, Nov. 14.—President Roosevelt today announced decision to withdraw approximately 900 U. S. Marines from China.

The decision was announced on the eve of arrival in Washington of Saburo Kurusu, special Japanese ambassador, for important conversations dealing with the strained Far Eastern relations.

Mr. Roosevelt read a bare announcement sent to him from the state department during the course of his press conference this morning which said merely that the United States government had determined to withdraw its Marine forces from Peiping, Tientsin and Shanghai.

When Mr. Roosevelt a week ago announced that this government was considering the move, it was made plain in official quarters that the step would only be taken if an outbreak of hostilities in the Far East was feared.

At Mercy Of Japanese

At that time it was explained that the Marines would be at the mercy of Japanese forces which control the three cities in the event of trouble, hence they would be withdrawn in advance to prevent their capture or annihilation.

However the chief executive was asked bluntly today whether he anticipated war in the Far East.

Mr. Roosevelt, emphasizing each word, said he sincerely trusted not. Withdrawal will begin shortly, the president said, but he declined to state where the Marines would go.

At the outset of his press conference, Mr. Roosevelt had expressed the sincere hope that peaceful relations would be maintained.

PA NEW OBSERVES

Despite the heavy frosts that we have had recently, quite a number of dandelion blooms, encouraged by the beautiful sunshine of Thursday afternoon, raised their heads, on a couple of lawns, on East Washington street near the Thaddeus Stevens school.

One of the seventh grades of George Washington Junior high school, the home room of Evelyn Spencer, has decided to be thrifty and save their pennies for defense stamps. PA News is informed. In the past two weeks the pupils have collected \$10.20, it is announced.

Night football is ended for New Castle for the current season. There is no game at the stadium tonight. The final game of the New Castle high school season is the clash with Warren, O., high at the stadium on Saturday afternoon.

LONDON, Nov. 14.—Newspapers blared that American merchant vessels are "coming over" as British authorities today expressed the government's "utmost gratification" over revision of the United States neutrality act.

An authoritative statement issued in London said the congressional ac-

tion will "reinvigorate the will of the British people to fight the war to victory."

C. V. R. Thompson, New York correspondent of the Daily Express who now is in London, wrote:
"American neutrality no longer exists. President Roosevelt's policy unmistakably is headed for open war and has been endorsed by congress."

"The outlook should now be bright."

WASHINGTON, Nov. 14.—Declaring "coal must be mined," President Roosevelt today met the threatened strike crisis head-on before sending a special communication to congress asking for legislation to curb labor turmoil.

He gave John L. Lewis and steel companies owning coal mines a last chance to settle their "Union Shop" dispute at a White House Conference during the day.
The conference bringing together ranking CIO leaders and topflight steel executives, was timed so that Lewis could confer before hand with the full policy committee of 200 of his United Mine Workers Union.

Plane Carrying U. S. Ambassador To Russia In Safe Landing

(BULLETIN)

(International News Service)
LONDON, Nov. 14.—The Transport plane which left Kuibyshev in Russia for Teheran, Iran, with a number of British, Russian and American officials on board but failed to reach its destination on schedule was reported safe today.

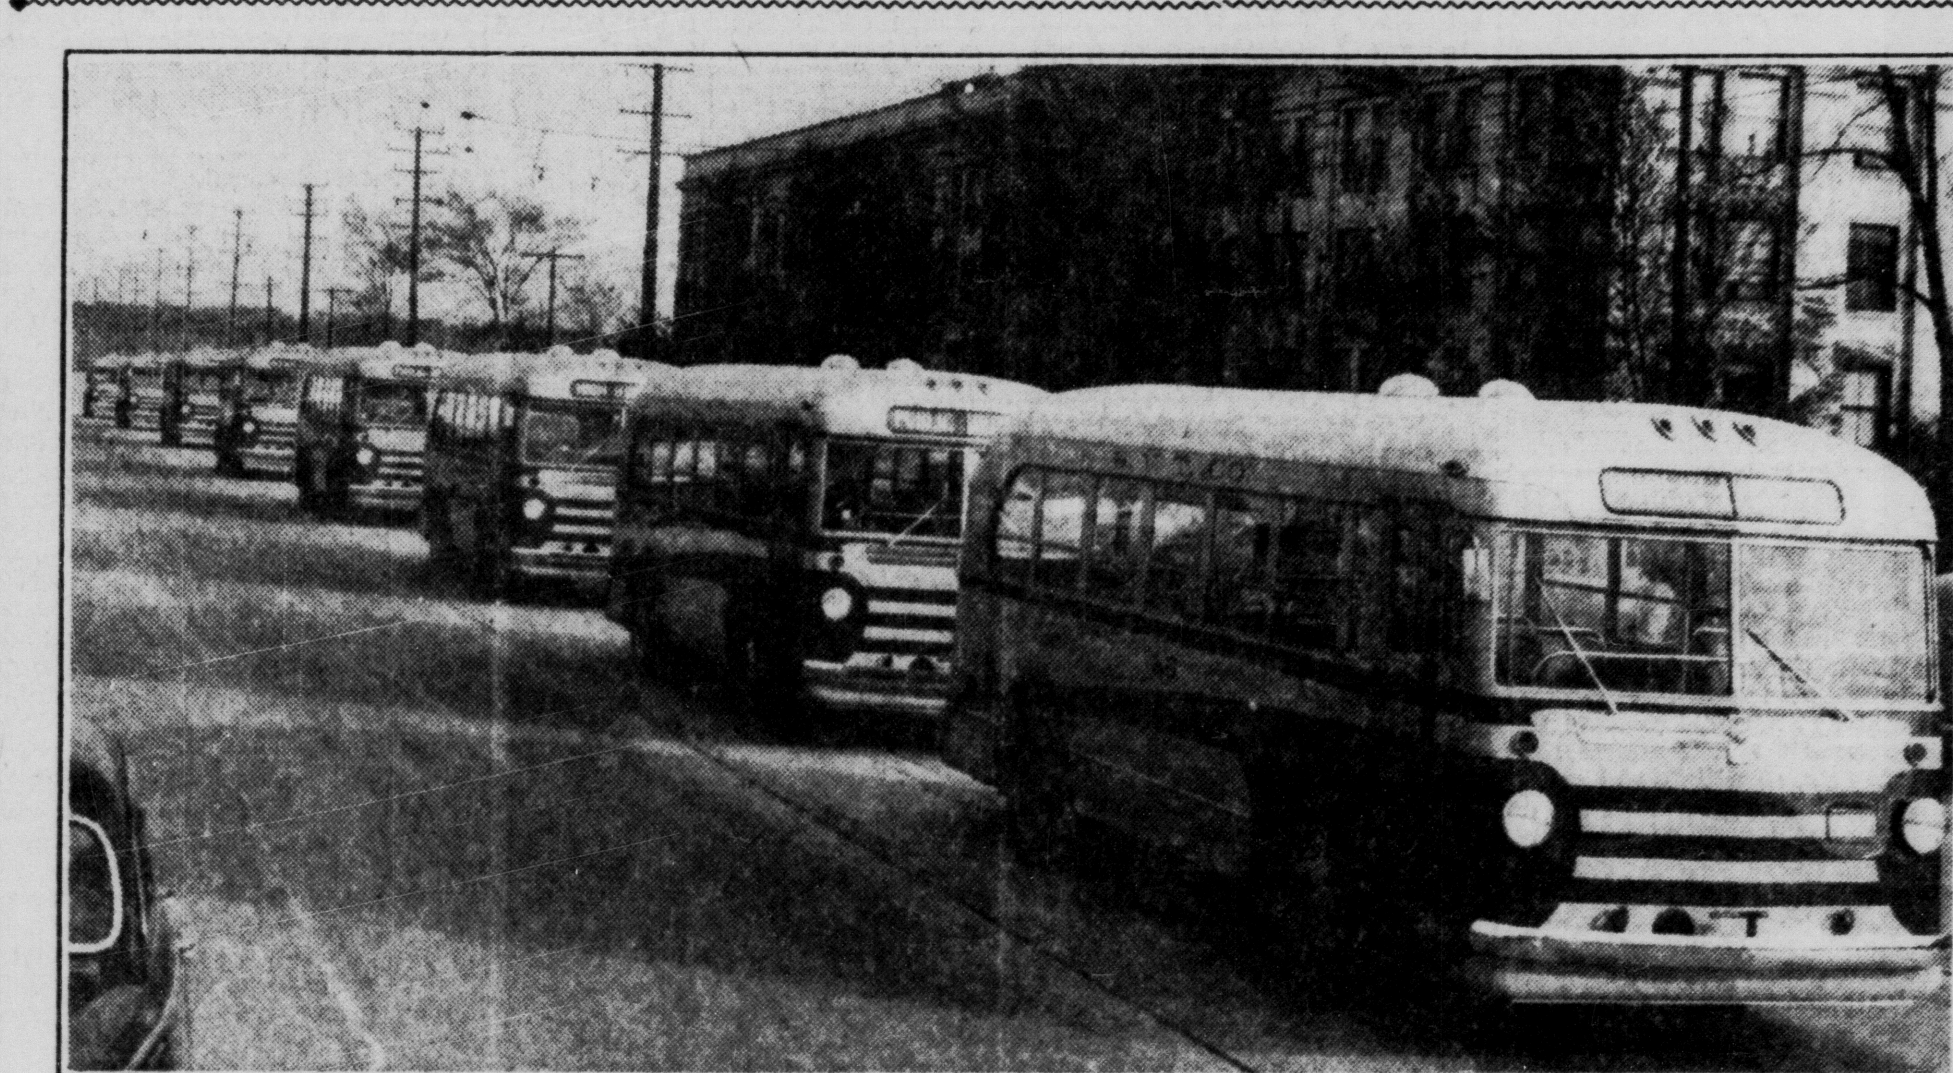

A Reuters (British) dispatch from Cairo said it was authoritatively stated there that the plane made a safe landing at Pahlavi.
Aboard the craft were Laurence A. Steinhardt, American ambassador to Russia, Maxim Litvinov, Russian envoy to the United States, and Sir Walter Monckton, director of British information services in the middle east.

Previously, London officials had expressed fears the plane might have crashed.

New Buses For New Castle Lines

In the larger picture above are shown Diesel motored buses which soon will be placed in service in New Castle when the street cars are withdrawn from service and new all-bus service is inaugurated by Shenango Valley Transportation Company. The smaller picture gives a close-up of one of the buses.

In addition to these buses the company will operate five gas buses. Both Diesels and gas buses are new equipment of the most modern design, notable for their efficiency in operation and for their comfort and convenience for passengers.

Seated 29
The Diesel buses, one of the very latest developments in transportation vehicles, have a seating capacity of 29 passengers each. The gas buses, also of the latest design with many improvements and refinements, each have a seating capacity of 25 passengers. All are the product of the Yellow Coach Corporation at its huge plant in Pontiac, Mich.

The Diesel buses will be used on the heavier carrying lines of the city and the gas buses on the lighter lines.

Training of operators for the new service, which will mark a revolution in New Castle Transportation will be started by Superintendent T. C. Moore next Monday. The company hopes to start regular service on or about December 11.

Roy A. Newman, In Navy, Dies In Motorcycle Crash In Hawaii

A Navy Department telegram received early this morning by Mrs. William Kaatz of 406 Northview avenue, told of the accidental death of her brother, Roy Arthur Newman who was killed in a motorcycle crash in Hawaii on Thursday.

According to the wire, Newman, a metallurgist, third class United States navy, died as the result of an accident near the city of Honolulu, Hawaii, where he had been stationed.

Newman enlisted for service in the U. S. navy on April 2, 1940, at the New Castle navy recruiting station.

Japan Situation To Be Aggravated

(International News Service)
TOKYO, Nov. 14.—The Japanese (Domei) news agency charged today that revision of the United States neutrality act "is certain to aggravate the situation in the Atlantic and Pacific oceans."

The agency quoted "informed Japanese circles" as stating they interpreted the congressional vote to amend the neutrality law as "approval of President Roosevelt's war policy."

The newspaper Hochi said that the "United States cannot hope for peace in the Pacific if it continues attempts to threaten Japan."
(Editor's Note: The London Daily Herald said scores of Japanese warships have been seen off the Kwangtung coast of China, presumably guarding largescale movements of Japanese troop transports).

Believe Loss Of Life Small As Much Of Ship's Personnel Had Been Removed

(BULLETIN)

(International News Service)
LONDON, Nov. 14.—Loss of the Ark Royal, Britain's most famous aircraft carrier which the Germans claimed to have sunk many times, was announced by the British admiralty today.

The vessel was struck by a U-boat torpedo and went to the bottom while being towed, the communique stated, adding that casualties were not heavy since a large proportion of the ship's personnel had been removed.

Editor's note: A German radio broadcast said the British radio announced the aircraft carrier had been "sunk by a German submarine."

Serving In Mediterranean

The admiralty account of the Ark Royal's history indicated the vessel was serving in the Mediterranean when it was sunk.

The admiralty, after recalling the Ark Royal's part in the hunt for the German battleship Bismarck, which was sunk months ago, stated: "Since that time the Ark Royal again has been serving in the Mediterranean providing fighter plane protection for important convoys and engaging in other duties." Halt Defense Strikes Governor Urges

Pledges State Aid To President

Governor James Urges President To Put End To Threatening Strikes

DEMANDS NOTHING HALT U. S. DEFENSE

By EVERETT GERRY
International News Service Staff Correspondent

HARRISBURG, Nov. 14.—Gov. Arthur H. James today offered President Roosevelt all the resources at his command to guarantee an uninterrupted flow of coal and steel for defense needs.

He pledged the use of Pennsylvania's crack state police force, if necessary, to prevent a stoppage of production from the captive soft coal mines, regardless of the outcome of Mr. Roosevelt's conference with labor at the White House. He intimated that the state's 3,500 home guards would be called on in an emergency.

Urges End To Strikes

Governor James, a Republican, renewed his oath of fealty to the President's leadership and urged him to put an end to threatening strikes not only against steel companies' soft coal mines but railroad transportation, long distance telephone communications and aircraft. "I hope that your conference can find means of ending the waves of strikes eating at the heart of rearmament," the governor urged in his message to Mr. Roosevelt. "The fathers and mothers of 160,000 Pennsylvania boys now in the army, navy and marine corps, as well as every other patriotic American in this nation, are demanding that nothing impede the production of arms and munitions to equip and maintain these boys."

"Those of us who still hope for peace believe that our best course to attain that end is to speed up defense."

Can Count On State

"Let me assure you that if your conference is non-productive, you may count on my administration and all Pennsylvania to support, to the limit of our powers, any course you may determine upon to break the deadlock in defense production caused by short-sighted labor leaders."

Governor James indicated labor should consider a cooling off period before workers could walk out of defense industries.

"The great service these labor leaders can render their followers and their nation at this time is to help mediate, not prolong, these stoppages. The way to stop defense strikes is to stop them."

"Regardless of the outcome of your conference, the facilities of my administration and the moral support of the people of this state are at your service in stopping defense strikes—and keeping them stopped."

RECEIVES WORD BROTHER KILLED

(Continued From Page One)

Mrs. William Kaatz, 406 Northview avenue, New Castle Pa. The Navy Department regrets to inform you that your brother, Roy Arthur Newman, aviation metal-smith third class, USN, died November 13 as a result of a motorcycle accident near city of Honolulu. Please telegraph collect, Bureau of

Medicine and Surgery, Navy Department, Washington, D. C., whether you desire body interred in national cemetery or sent home. The department extends to you its sincere sympathy in your great loss.

Signed: C. W. Minitz, chief of Bureau of Navigation.

Mrs. Kaatz has notified the navy that she desires the body of her brother to be buried in Arlington National cemetery, Arlington, Va. The Navy Department will provide a military escort for the body from the port of entry in the United States to Arlington cemetery.

Besides Mrs. William Kaatz, with whom he resided, the deceased is survived by the following brothers and sisters: Mrs. Arthur Kaatz, 916 Harrison street, New Castle; Denver Newman, 406 Northview avenue, New Castle; Norma Newman and Robert Newman, Cleveland, O.; Elmer Newman, William Newman and Earl Newman, all of Newell, W. Va.

Members of the family are now awaiting word as to when the body of their brother will arrive in this country, and they plan to go to Arlington for the services.

U. S. MARINES TO BE REMOVED FROM CITIES IN CHINA

(Continued From Page One)

lations might continue in effect between the United States and Japan.

Warns On Speculation

As was the case last week when he announced this withdrawal of Marines from China was being considered, the president today again warned against speculation as to possible relation of the move to the whole Far Eastern picture.

Mr. Roosevelt said that he had no plans as yet to see Kurosu. He added that the Japanese envoy unquestionably would follow the customary diplomatic channels and consult first with secretary of state, Cordell Hull.

The United States has no particular treaty rights in the international settlement at Shanghai as have the British, French and Japanese. Mr. Roosevelt said, so withdrawal of the Marines will have no bearing on that situation.

NAZIS TO FIRE ON U. S. VESSELS IN WAR ZONES

(Continued From Page One)

In the battle zones, the spokesman said, "Our people necessarily must shoot."

"Shooting cannot be avoided if somebody invades no man's land," he added.

Referring to efforts of President Roosevelt and Secretary of State Cordell Hull to persuade Congress to vote for the neutrality law amendments, the spokesman said:

"Both Roosevelt and Hull virtually sneaked up on the congressmen in order to influence the vote and make them believe there is no immediate danger of a German-American clash."

"Chief of Staff Gen. George C. Marshall also emphasized there would not be any A. E. F."

"This clearly shows the congressmen in reality the responsible government leaders in the United States are doing everything deliberately to drag the United States into war."

MARY LOUISE SESLER

MARY LOUISE SESLER

BETHANY, W. Va., Nov. 14.—Miss Mary Louise Sesler, Bethany college junior from Uniontown, Pa., will be queen for a week-end. The Bethany student board of governors selected Miss Sesler to be Beth Ann III, queen for the fall homecoming, November 14-16. Her attendants are Miss Gladys Armor, senior, Tarentum, Pa., and Miss Irene Hutchison, junior, Carnegie, Pa.

Coronation ceremonies will take place Saturday morning in Bethany's historic commencement hall. Sidney C. Porter, East Liverpool, O., head of the Bethany Alumni Association, will place the crown. Following the coronation the traditional corridor sing will take place outside commencement hall.

The queen and her attendants will be honored guests at all events during the homecoming week-end. One of the highlights will be the depositing of a "Time Capsule" by Miss Sesler.

SENATE'S FAMED 'BILL-STRETCHER' TRADITION ENDS

(International News Service)

WASHINGTON—As it must to many traditions these days, death has come to another Congressional tradition—in this case, the one involving the Senate's "bill-stretcher."

The "bill-stretcher," an imaginary machine with a far-from-imaginary purpose in legislation, was an integral feature of the initiation of every new Senator and Senate page-boy.

As sure as Senators are human, so every bill sent from the House of Representatives to the Senate must be lengthened. A bill which slips through the Senate without an amendment is considered as unclothed as Lady Godiva. And if ever a neophyte statesman asked how this lengthening was accomplished, a veteran Senator would reply:

"With the bill-stretcher, of course."

'SWEETHEART' INSURANCE' IS NEWEST VOGUE

(International News Service)

NEW ORLEANS—Dormitory students at the Newcomb College at New Orleans, have devised a type of "sweetheart insurance" which, they believe, will eliminate rivals in affairs of the heart.

Should a student suddenly become unpopular and wait to be availed for a phone call from her "steady" she can consult the dormitory "date book."

There, in grim black and white she may discover the trouble. For in that book are recorded all dates of dormitory girls, with the exact time of departure and return and the name of the escort.

Failure to sign out or errors in signing, are taken up by the Campus Honor Society and delinquents are penalized by being confined to the campus for a period of several days.

BRINGING 'EM BACK ALIVE

A statesman must have little respect for ordinary people, else he wouldn't try to win votes by being pusillanimous and cowardly.

Nearly \$20,000 Given College

Bellevue Man's Will Gives Most Of Estate To Westminster

Under the terms of the will of William Struthers of Teece avenue, Bellevue, Pa., who died November 3, Westminster college is left the major portion of \$20,000. The money is to be used to educate worthy boys and girls without means for a college education.

Of the \$20,000 estate, \$2,000 goes to a friend, Mrs. Sallie Brink of Meade avenue, Bellevue; \$250 each to the Bellevue United Presbyterian church and the Rev. James M. Ferguson of Bellevue. To each of six charities he left \$100, and \$100 each to the five religious societies of his age of friends in the auditing department of the Mellon National Bank and a 78-acre farm on Monaca road, Beaver county, to several relatives.

The estate left to Westminster college will be used to set up the William H. Struthers Foundation.

RUSSIA REPORTS TWENTY VILLAGES ARE RECAPTURED

(Continued From Page One)

ing the villages and inflicting 2,000 casualties for Nazis.

Tass reported Soviet forces in a powerful counter-offensive recaptured a number of villages below Tula, south of Moscow, and that 2,000 enemy soldiers were killed or wounded.

Russian authorities also announced terrific Nazi losses on the Moscow, Leningrad and Crimean battle fronts.

The Red army newspaper Red Star said the Germans had been driven from the eastern bank of the Nara river in the direction of Maloyaroslavetz, and that the Nazis still were rushing up reinforcements to the Moscow front.

The high command's noon war communiqué, meanwhile, said fighting continued on all fronts throughout the night.

Pierce Fighting

Russian dispatches told of fierce fighting in the Don Basin but said enemy progress was slow.

Hundreds of columns of smoke were reported rising from exploded mines, burning buildings and slag heaps which had been set on fire and the region was described as a scene of vast destruction which was termed the "Soviets' stroke-hold."

Thousands of German and Italian dead were reported lying in the streets of towns and "stiffening in the night frost."

In a gigantic tank and infantry battle which had two weeks on the Moscow front, it was stated, no less than 29,000 Germans were killed or wounded.

New Attacks Shattered

New German attacks on Leningrad were shattered, authorities declared, while in the Crimea the Nazis suffered further heavy losses in furious fighting.

(Editor's note: Dispatches from Berlin said the Germans have claimed important new advances in the Crimean peninsula and indicated Nazi occupation of the port of Kerch, facing the Caucasus, is imminent. The Nazis were stated to have reached the narrow strait of Kerch, which separates the eastern Crimea from the Caucasus coast.)

Russian front-line dispatches said the Germans battering at the defenses of Kerch have been rolled back by combined Red army, air force and navy action.

Soviet authorities said the German loss of 29,000 men and 200 tanks occurred during an extended battle which had two weeks on the Moscow front. Heavy Russian counter-blowers were declared to have smashed this Nazi offensive.

Transports Sunk

The Russian high command also announced that between Nov. 5 and 10 the Red navy sank two enemy transport vessels totalling 9,000 tons in the Barents sea and three more transports totalling 9,000 tons in the Baltic.

The midnight high command communiqué claimed destruction of 65 more German war planes.

Reporting continued fighting on the entire front, the communiqué stated:

"Yesterday 27 enemy planes were destroyed. Our losses were five machines. It is now known that 36 German planes were brought down on Tuesday instead of 25 as previously stated. On Thursday 20 enemy planes were shot down near Moscow."

Later the Moscow radio announced Red air force bombers attacked Koenigsburg in East Prussia and the Nazi-held Latvian capital of Riga on Wednesday, bombing military targets and causing explosions and fires.

New German retreats also were reported at Tula, 110 miles south of Moscow, while on the northern wing of the Moscow front the Germans were reported launching fresh offensives in the Kalinin sector.

"Tens of thousands" of Germans were declared to have been sacrificed in the Crimea in attempts to capture Kerch, and the Russian Black sea naval base of Sevastopol.

In spite of these initial German reverses, however, it was conceded that the Soviet military position in the blood-soaked peninsula was "serious."

Quake Shock In Los Angeles

(International News Service)

LOS ANGELES, Nov. 14.—A jolting, 20-second earthquake, perhaps the heaviest since the catastrophe of March, 1933, struck Los Angeles and surrounding cities at 12:42 a. m. today, causing considerable damage.

It was followed by a lighter shock at 1:35 a. m., felt only in the town of Torrance 16 miles south of Los Angeles.

The major shock was felt as far south as San Diego and as far north as Santa Barbara, but only lightly. The harbor city of Wilmington, where a 50,000 gallon crude oil storage tank burst its seams and caused a flow across streets and highways, and the town of Gardena, 14 miles south of Los Angeles, reported heaviest damage.

Blackouts from damaged power wires, broken crockery and windows and temporarily disrupted water and gas mains were reported in Los Angeles proper and scores of other communities within the county limits.

GOWANDA CLUB ENJOYS PARTY AT McCONAGHY'S

A beautifully arranged 6 o'clock dinner, interested the Gowanda club members Thursday evening, in the home of Mrs. David T. McConaghy, Morton street, who entertained informally, marking a special feature on their seasons calendar.

In addition to the members, two former associates, Mrs. P. H. Kearns of North Girard, O., and Mrs. Jesse Jones of McConnellsburg, Pa., also shared in the festivities.

Aiding the hostess in serving a delicious, full dinner course, were Mrs. Paul McConaghy and Miss Lavina McConaghy, daughter-in-law and daughter, respectively. The table was especially attractive, with autumnal appointments.

After a round of original games, plans were made for a meeting on December 5, at the home of Mrs. George Forrest on Florence avenue. Their Christmas party will be held at the home of Mrs. Thomas M. Shaffer on Euclid avenue, in December.

W. H. O. SOCIETY

The W. H. O. society of the First Presbyterian church met Thursday evening at the home of Gene McIlvaine, Fairfield avenue.

The business meeting was in charge of Joan Simpson, the president. Plans were made for the society's participation in the all-day affair which will be held at the church on December 4.

Following devotionals, Miss Rosena McGurk told the group experiences of her recent trip to Mexico, and showed curios and pictures to illustrate.

The hostess served dainty refreshments at the end of the evening.

December 11, W. H. O. will have a Christmas dinner at the church.

MEDICAL AUXILIARY MEETING THURSDAY

The Women's Medical Auxiliary of Lawrence county met Thursday afternoon with Mrs. David L. Perry of Leasure avenue as their hostess.

The business meeting was in charge of the auxiliary's president, Mrs. Samuel W. Perry, Jr.

Miss Margaret Bodenstern executive director of the local Red Cross, spoke with the object of interesting the auxiliary in taking an active part in the work that is being done by the Red Cross.

Mrs. E. F. Henderson was appointed chairman of a committee for Red Cross work, with Mrs. William Hinkson and Mrs. Edwin W. Marth as her committee.

It was decided that the doctors will be invited to be guests of the Medical Auxiliary at a dinner to be given December 3 at the Castleton. Looking forward to their public health program lecture, scheduled for January 8, it was announced that for this event, which will take place in the high school, the Woman's club will be co-sponsor. The topic this year will be "Heart Disease," with special emphasis on this affliction as it affects children.

Following the business meeting, Mrs. Howard C. Harper gave a most entertaining review of "Dark House" by Warwick Deeping.

Later, guests were served tea from a table beautifully decorated with flowers, at which Mrs. S. W. Perry and Mrs. S. W. Perry, Jr., presided.

The committee in charge for the afternoon was Mrs. D. L. Perry, Mrs. Nathan Ginsburg, Mrs. Ralph Campbell, Mrs. Earl Eakin, Mrs. Donald Eckles, and Mrs. Louis Grossman.

MAHONING BOOK CLUB HAS LUNCHEON-MEETING

Mrs. Edward Toepfer of Hazelcroft avenue was a charming hostess Thursday afternoon, when members of the Mahoning Book club gathered in her home for their luncheon-meeting.

The delicious luncheon was served at 1:30 o'clock on a nicely appointed table, and the hostess was aided in serving by her daughter, Margaret.

The usual exchange of books was held, and current events were discussed later.

On December 4, Mrs. G. E. Shaffer of Second street, will entertain.

MOVIE IS FEATURE FOR MEN'S BIBLE CLASS

The Men's Bible class of the Epworth Methodist church, of which James Clements is the teacher, gathered with their families on Thursday evening in the community room of the church for a tureen supper.

There were about 50 present to enjoy the social time and the thrilling and informative feature of the evening, a talking movie, which showed what production can do for defense. The film showed, with explanatory comments, how parts for planes and automobiles are assembled in the factories, showed all types of planes now in production and defense use, and the exciting Indianapolis speed races. Chester Minnick was in charge of this presentation.

Next Sunday the class will install new officers for the ensuing year.

DR. S. B. FREEHOF'S TOPIC "BERLIN DIARY"

Speaking to an appreciative audience in the George Washington Junior High School auditorium on Thursday evening, Dr. Solomon B. Freehof, Rabbi of Temple Rodef Shalom in Pittsburgh, reviewed William L. Shirer's book, "Berlin Diary."

Citing "Berlin Diary" as the most significant book of the times, Dr. Freehof chose to analyze it in detail rather than give his opinion of the four outstanding books of the year as had been announced.

Attributing to American foreign correspondents the credit for arousing the world to the European menace to democracy, Dr. Freehof said that each realized the importance of telling his message well. Consequently with Mower using the historical approach; Gunther the biographical; Sheehan the autobiographical; Shirer chose as his vehicle to convey his message, the diary.

Dr. Freehof was introduced to the audience by Miss Dorothy Blim, president of the Federation Juniors, the organization which sponsored his lecture, for the purpose of raising funds to buy glasses for school children.

Project committee of the federation which was in charge of Thursday evening's event included Miss Catherine Boston, chairman, Mrs. Marshall Matheny, Mrs. John Stone, Mrs. David Ritchie, Miss Margaret Fischer and Miss Marjorie McGeorge.

The Parent Problem

By Garry C. Myers, Ph. D.

JUSTIFIES TEACHING MUSIC IN SCHOOLS.

Last spring I spent a day in White Plains, N. Y., where I addressed the high school assembly in the morning, the teachers of the P. T. A. in the evening. During the hours between I visited the schools and learned much about the best in modern education.

Among other things I witnessed some of the work there in school music. As you probably know, Dr. H. Claude Hardy, Superintendent of Schools of White Plains, has been outstanding as a national leader in impressing on the public the value of music in the public schools.

As I went about the schools with Dr. Hardy, I questioned him. "Why are you so enthusiastic about music?" I asked.

"It is a universal language," he replied. "There is no one spoken language known to all races and nations. In spite of all the efforts to develop a universal spoken language, not much progress has been made, not even with Esperanto. But there is, at least, one universal language that is understood to all mankind—the language of music."

"Universal Language"

"And do you realize," he went on, "that music is a form of expression that both the civilized and the savage have in common?"

After I got Dr. Hardy started he went on and on. "The public schools would be drab, indeed without instruction in this subject that is so fundamental and important. America is a richer nation today, in every sense of the word, because of the teaching of music in our schools. Music education is both practical and cultural. It permits the individual to get more out of life. Is it not a practical achievement to add wholesome enjoyment to one's life? Is it not a cultural achievement to understand and appreciate the merits of good music?"

"Does the best school aim to make every child a professional musician?" I interrupted.

"No," retorted Dr. Hardy. "That is not the primary purpose, although whenever we discover unusual talent we encourage it, and frequently train it to excellence. The aim is, rather, to bring joy and pleasure into the lives of all of our young people by giving them the opportunity to sing and to play musical instruments together under capable leadership."

Not a Fad or Frill

"How do you answer those who call music a fad or frill?" I asked.

"Music is not a fad or frill," answered Dr. Hardy in strong tones, as he gestured, for the first time, with his fist. "It is one of the most practical and worthwhile subjects in our schools. If it were a fad or frill, we would all junk our radios, our pianos and other musical instruments, and Grand Opera would have no place in our lives. I say again, 'We live in a world of music,' and that alone justifies teaching the subject. It is a necessary part of life, and life is education."

The foregoing remarks by Dr. Hardy will be more significant to us parents in the months ahead when Boards of Education will be looking for places to make cuts in the school budgets. During the depression, when music and art in the schools were threatened groups of parents like those of the P. T. A. demanded that they stay.

GOOD TRADE

An auto dashed along a country road and as it came to a curve which ran through some woods it came suddenly upon a man with a gun on his shoulder and a dog walking by his side. The dog dodged in front of the car and the car ran over him. The auto was more reasonable than many of his type are.

I'm sorry I killed your dog, but I am willing to pay for him. Will \$5 satisfy you? The man took the \$5 and agreed to call it square.

The stranger then said: "Too bad I interrupted your hunting."

The man replied: "I wasn't going hunting. I was just going down into the woods to kill that pesky hound-dog."

Answer: Elbows should never be placed on the table when one is eating. They should, as a general rule, be kept out of sight during meals. But the practice of putting them on the table may be permitted between courses or during tete-a-tetes while demerise is being drunk after luncheon or dinner, when one has to lean forward to hear or be heard.

Question: My fiancée has given me a very handsome ring. Must I give him a gift? Also does the bride give the groom a wedding gift?—D. D.

Answer: An engagement gift may be given by you to your fiancée. This is sometimes done, although there is no "must" about it. The bride should give the groom a wedding gift—something for his personal use. And the groom should give the bride something for her personal use. The usual gift is jewelry from the groom to the bride.

A CONTEST OF WITS

Rufus—I understand you have been quite sick lately.

Goofus—Yes, I had exclamation rheumatism.

Rufus—You mean inflammatory rheumatism; exclamation means to holler out.

Goofus—Well, that's it; I hollered so loud that all the neighbors kicked.

Rufus—And how did you get cured?

Goofus—The doctor gave me a powder, but it nearly killed me.

Rufus—Probably you didn't take it according to directions.

Goofus—Oh, yes I did; I was very careful, as the doctor said the stuff was very powerful. He told me to take every hour as much of the powder as would lie on a 10-cent piece.

Rufus—And did you do it?

Goofus—Yes, I did and I didn't.

Rufus—What do you mean—you did and you didn't?

Goofus—Well, you see, I didn't have a dime and so I used two nickels instead. I'd be dead by now if the medicine hadn't all run out.

Rufus—Well, the next time you have rheumatism come to me and I'll give you something for it.

Goofus—Next time I have rheumatism you can have it for nothing so far as I am concerned.

Latch Out For Litvinov In Capital
Was Refused Admission Back In 1918
Oumansky Popular Since War StartedBy CHARLES P. STEWART
Central Press Columnist

WASHINGTON, Nov. 14.—Maxim Litvinov, Russia's new ambassador to Washington, was refused admission into the United States back in 1918, when he originally was picked by the Soviet government to represent it here diplomatically. It was a government we had not recognized then, so Maxim was barred out very unceremoniously. Now he'll be glad-handled enthusiastically, the Muscovites being at war with the Axis.

Ambassador Constantine Oumansky, who moves out to make room for Comrade Litvinov, has been popular ever since Herr Hitler started hostilities against the U. S. S. R., but Litvi is regarded as having extra-special claims to American consideration.

After being turned down for a tenancy in Russia's big ambassadorial mansion in our capital, he nevertheless initiated, at long range, to begin with a series of negotiations that finally got the Soviet regime recognized by Uncle Sam. As these discussions approached a climax, Maxim visited the United States, and that time we let him in to close the deal. He made an excellent impression, too, for personally he's a first-rate fellow.

If he'd been disappointed to the Washington embassy following recognition, there's no doubt he'd have been perfectly acceptable here. By then, however, Moscow needed him for the job of foreign commissar and he took it.

In this post he was rip-scratching anti-Nazi and anti-Fascist, which is one reason why Washington thinks so well of him at present. Being anti-Nazi and anti-Fascist was all O. K. at the Kremlin, until Boss Commissar Josef Stalin began working up to his past with the Axis. That queered him. Joe canned him out of office and into deep Soviet disfavor. Vyacheslav Molotov got the foreign commissarship and Litvi didn't miss being OGPU'd by very much.

Litvinov Resurrected

But oh, what a difference when Adolf took the warpath against Josef!

Naturally Joe couldn't but remember how many times Max had warned him against that tricky Fuehrer in Berlin and equally tricky Duce in Rome.

He resurrected Max in a hurry and here he comes to Washington, with the door latch fluttering in the breeze to welcome him. Quite a contrast to the last occasion, isn't it?

For one thing, wanting a lot of things from the United States and realizing, of course, that Litvi's record must have boosted him into dandy standing here, it's a safe bet that Joe wants to capitalize him.

There's no particular puzzle involved in Commissar Stalin's selection of Maxim as his Washington emissary. The case of Saburo Kurusu, former Japanese ambassador, is pretty puzzling though.

Saburo didn't succeed Ambassador Kichisaburo Nomura. He supplements him. Saburo and Kichisaburo will be twin ambassadors.

Russia's relations with this country are friendly enough now to make the ambassador a sufficiency, but Japan's are strained enough to call for perhaps a pair of em.

Just what sort of a policy Premier Tojo's incubating at Tokio is a heck of a problem.

Admiral Nomura, lone Washington ambassador hitherto, is assessed as not anti-American—rather "pro" if anything. When he arrived here (Continued On Page Six)

FINALE.

Now the winds are bitter cold.

Now the green is white with frost.

Now the year is growing old.

Now the last game's won or lost.

Now the golfing parson's back in his suit of priestly black.

In the locker all unseen.

Hangs his knitted sweater brown.

And the hat with visor green.

Which he wore, as kings a crown.

Now he leaves us, one and all.

Fill the robins shall return.

For the church and meeting hall.

Decked with potted palm and fern.

Once again in shepherd frock.

Back he goes into his flock.

Now his friends—and legion they—

Wish him luck as he departs.

As to him farewells they say.

There's a sadness in their hearts.

Now we pray to meet him when

Spring and he return again.

APPIGRAMS

by ERICH BRANDEIS

He couldn't find real bloodhound in Joplin, Mo., so the producer of the Little Theatre rounded up a pack of neighborhood mongrels for the revival of "Uncle Tom's Cabin."

The dogs got the idea quickly and went through the rehearsals with flying colors.

Unfortunately, however, the girl who was to play the part of Lizzy was a very nice person and the canine actors took a great liking to her.

So, when they were supposed to chase her across the ice they tried to play with her instead.

At this writing the show is postponed indefinitely.

It's hard to make a hypocrite out of a dog—he isn't sufficiently civilized for that.

The World and the Mud Puddles

BAD AT BEST.

There seems to be the general impression that inflation is upon us and the Congress of the United States is considering how to check a run-away market followed by the enormous spending of government money.

Both the members of the House of Representatives and of the Senate are tearing their hair to figure out how to handle the pending price control Bill. The politicians, of very anxious to exclude from the bill any reference to either labor or agriculture. They are unwilling to risk the losing of votes controlled by the labor leaders and all those representing indigent farmers.

The prices of foodstuffs are the prices which affect every citizen of this country. If no check is placed upon the prices of farm products, the living costs are going to increase tremendously. With the increase of the prices of food will come, naturally, a demand for higher wages on the part of labor and the economy of the nation will be presented with a "ring-around-rose" of higher and yet higher food prices and higher and yet higher wage payments.

The final analysis of a price control Bill of any sort will reveal an effort on the part of the government to combat the immutable laws of political economy. The administration in Washington seems bent on enacting into the law rules diametrically opposed to the laws of political economy, and it can't be done.

The only cure for inflation is less spending on the part of those who have the spending power of the government. There has to be a pay-day some time and if the administration goes on with its spending and its making of laws to assist the mob, the result is going to be very disastrous. As far as the price control Bill is concerned, it is all wrong, but if they must have one, it has got to cover all costs—the cost of necessities, the cost of luxuries and the cost of labor.

BIRTHDAYS of FAMOUS AMERICANS

(Compiled by Encyclopaedia Britannica)

NOVEMBER 14

1765—Robert Fulton, engineer who pioneered steam navigation, in Lancaster County, Pennsylvania. He built the "Fulton," first successful steam vessel, in 1807. The first submarine boat, "Nautilus," also was one of Fulton's achievements. Among his other inventions were machines for spinning flax, for making ropes, and for sawing and polishing marble.

1803—Jacob Abbott, at Hallowell, Me. He was a prolific writer of stories and biographies, and religious books. The best known of his writings are 28 volumes that feature the boyish paragon "Rollo at Work," "Rollo at Play," and "Rollo in Europe," etc.

1828—James Birdseye, McPherson brigadier-general in the Union Army, at Sandusky, O. He was graduated from West Point in 1853 and was promoted to captain in the first year of the Civil War. He was made major-general of volunteers and commander of a division in October, 1862. He became a brigadier-general in the regular army in August, 1863, and commander of the Army of the Tennessee in Sherman's campaign against Atlanta. He was killed in action before Atlanta on July 22, 1864.

Words Of Wisdom

A wise man reflects before he speaks; a fool speaks, and then reflects on what he has uttered.—Delile.

"LAST EFFORT" FOR PEACE

ONE of the most important impending developments of this war will not occur on the battlefields of land, sea and air, but in the offices of the White House and the Department of State at Washington. There Saburo Kurusu, super-special representative of Japan, will present Japanese demands in a "last effort" to stabilize tensions in the Far East.

All that has come out of Japan in recent weeks suggests that there can be no peace in the Orient unless the United States capitulates to Japanese pressure and threats. All that has come out of Washington suggests that the United States government's attitude has hardened. American patience with Japan's nuisance value to the axis is approaching exhaustion.

The circumstance that Mr. Kurusu, as ambassador at Berlin, signed into the axis is of considerable perineence in reference to Hitler's beer hall speech at Munich. That speech, for the first time, showed Hitler on the defensive. As concerns the United States, Hitler placed great emphasis on the point that German naval commanders in the North Atlantic had been ordered not to fire upon American ships unless attacked.

This deception is a transparent attempt to give aid, comfort and sustaining argument to those who oppose American aid to Britain. But Hitler has an even more specialized motive in attempting to depict the United States as an aggressor against the Nazis. Under the terms of the axis pact Japan must come to the aid of Germany if Germany is attacked.

Hitler thus attempts to establish a case for Japanese intervention, at his side, against the United States. Such is the prelude to Mr. Kurusu's debut at Washington.

THE WORD IS CHRISTMAS

For many years, the more or less common practice of achieving the word CHRISTMAS with the highly improper "Xmas" has been one of our irritations.

Thus, when we discover that the Orangeburg, South Carolina, Chamber of Commerce has inaugurated a campaign among commercial organizations the nation over to eliminate the abbreviation we're moved to enthusiastic comment.

We want the Orangeburg Chamber of Commerce to know that we're highly in favor of its campaign.

Hospital Change Will Save Money For Mercer County

Sending Mental Patients To
Warren To Reduce Ex-
penses For County

MERCER, Nov. 14.—The closing of the mental hospital of the Mercer county institutional district, effective December 31, 1941, will bring a saving of approximately \$69,000 to tax payers of the county next year, according to appropriations for maintenance of the hospital in the 1941 budget.

This saving subsequently should bring a reduction of approximately one mill in the 1941 county tax levy. The actual cost of maintenance of the hospital in 1940 was \$47,894.59. The appropriation for the hospital in the 1941 budget, however, is \$94,036.51.

In addition to these expenses, the county paid \$9,106 in 1940 for care of patients in state hospitals and \$2,546 for care of mental defectives in training schools. For these two purposes in 1941, the commissioners appropriated \$17,000 and \$2,700 respectively.

Before the state assumes care of all mental patients in the county after January 1, patients at the local hospital will be removed to the state hospital at Warren, Pa., except a few whose ailments are not serious. The latter ones will become inmates of the county home. Superintendent George W. Lawrence said today that transfer of patients to Warren probably will start next week.

Charge Boys With Burning Houses

(Special To The News)

MERCER, Nov. 14.—County Detective Arthur C. Barnes today announced the arrest of three Stoneboro youths for the burning of two vacant farm houses and a hay stack near Stoneboro hallowen night. Barnes said the youths admitted burning a vacant house on the Coxon farm and a hay stack on the farm of George Hutchison, Stoneboro, as hallowen pranks.

Leroy Blackman, New York Central railroad detective, told Barnes that he will place charges against the youths for having removed grease from railroad car wheels, thereby causing "hot boxes". The youths, whose names were withheld because they are minors, are being held for juvenile court action.

MOODY MEN'S CLASS HAS REGULAR MEETING

Members of the Moody Men's Bible class held their monthly meeting, with a good attendance, in the parlors of the First Methodist church Thursday evening.

Following the usual business procedure, the meeting was thrown open for discussion by the president, Paul J. Laurell. Members of the class have extended an invitation to all men, whether or not they now attend Sunday school, to join them in fellowship on Sunday mornings in their class at 9:45. Teacher of the class is Rev. W. V. McLean, pastor of the First Methodist church.

Appensement?

Now, why did the Tokyo government send that particular team here unless it's trying to appease us? It doesn't necessarily follow that it's appease-ish because of any good will in our direction. Maybe it's merely because the Japs are afraid of us. Nevertheless, an appeasement policy's the only one indicated by Jap diplomatic appointments to Washington.

The Jap press, though? That gets more bellicose with each succeeding issue. And the Jap press is darned significant, for the Tokyo government controls it.

It would rather appear that Tokyo's determined to get what it wants, but prefers to get it, if possible, without going to the military and naval mats with Uncle Sam for it.

Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

POULTRY EQUIPMENT SHOULD BE PROTECTED

Equipment such as range shelters, waterers, feeders, and nests, represent a substantial investment on most poultry farms.

Thorough cleaning, repairing and storage for safe keeping will save the poultryman dollars later on and at the same time have such equipment ready for use when desired. Make plans for replacement equipment needed or home-made equipment to be built. It will not be amiss, in the light of this year's experience, to make plans early for all phases of next season's brooding and rearing needs.

PROPER STORAGE YIELDS TASTY, JUICY APPLES

The value of apples as they come out of storage is largely determined by storage management methods: proper temperature, humidity, and ventilation are the most important considerations.

With the common, unrefrigerated storage, the most difficult problem is to maintain proper temperature especially early in the season. High temperature increases the rate of fruit ripening and shortens the storage life. A reduction of 18 degrees slows down the ripening about half to a third of its former rate. It is essential, therefore, to cool the fruit to desired temperature as rapidly as possible. Without refrigerating machinery, this can be done best by continuous ventilation day and night as long as the outside temperature in the shade is lower than that in the stacks in the storage room and there is no danger of freezing.

This ventilation, in addition to cooling the fruit, removes certain products of respiration which otherwise would be harmful.

Recent experimental work has shown that well-sprayed, carefully handled fruit picked at the proper maturity and packed in oiled paper will develop better flavor and more attractive ground color when held at 35 to 36 rather than 32 degrees. However, varieties which are susceptible to storage scald and are not packed in oiled paper, or fruit which has been carelessly handled should be held at 31 to 32 degrees to retard scald and decay. Some fruit went into storage somewhat ripier than usual this year, and with such fruit the lower temperature may be preferable.

Sufficient humidity in the storage is needed to prevent wilting of the fruit. While 85 per cent relative humidity is enough for a temperature of 31 to 32 degrees, with higher temperatures 90 per cent is preferable. If equipment is not available for determining the relative humidity, the fruit should be inspected frequently for signs of wilting. If shriveling is noticed, water must be supplied by frequent sprinkling of the floor and walls.

SPECIAL COURSE GIVEN FOR COW TEST TRAINING

A special course of instruction for young men interested in testing work will be given at the Pennsylvania State College, December 1 to 23.

Having practical dairy experience and some knowledge of feeding and management of dairy cattle, are listed among the qualifications for those planning to take the course. Additional information can be secured from the Agricultural Extension Office, No. 206 Post Office Building, New Castle.

PROPER WINTER CARE OF SOWS IMPORTANT

The demand for greater production and higher prices of pork products has encouraged a great many farmers to increase their number of bred sows for spring farrowing.

Pig management during the winter period is important as it will determine very largely the health and vigor of pigs at farrowing time. Good stock should be selected and properly fed and cared for if owner is successful. It is important that the sow be in good condition so that a large number of healthy pigs can be weaned. The number of pigs weaned determines the cost per pig at weaning time and also the profit made on the brood sow during the six month period.

The quality and thriftiness at weaning determines the profit on the pigs from weaning to market age.

Recent tests at a number of experiment stations bring out the fact that the larger the pig at weaning time the more profitable gains it will make during the growing period. To be assured of having large thrifty pigs, the caretaker should see that the sow has a large comfortable pen free of drafts with enough outside range to get plenty of exercise in the open air and sunshine. Fresh air and sunshine help to keep pigs in good physical condition. The sow can be encouraged to do more exercising by placing the feed and water at one end of the lot and shelter at the other. A properly balanced ration containing 16 to 18 per cent protein and rather high in fiber should be supplied in sufficient quantities to make her gain about one-half pound per day during gestation. Good quality alfalfa or clover hay should be fed. Two methods are suggested: either grind the hay and feed it with the grain or put the hay in a rack and give the animals free access to it. Fresh water and a mineral mixture should be available at all times.

POINTERS ON WINTER BULB STORAGE

Flower bulb storage is an important factor to be considered in the late fall and early winter. Most bulbs, as the true name is given, require an abundance of air circulation and likewise desire to be protected against heat.

Dahlia bulbs dug immediately after the first light frost should be placed in a cool section of the cellar or stored in a pit inverted on a layer of 6 to 8 inches of sand. Peat moss can be used to cover over the tubers to keep them from dry-

ing out. A similar treatment can be accorded canna tubers. Gladiolus corms after digging, drying and sorting can be placed in an open basket or laid upon a tray with openings in the bottom.

Most bulbous material requires a temperature of not more than 55 degrees Fahrenheit in daytime and not less than 50 degree Fahrenheit night temperature.

The average house conditions are not satisfactory for bulb storage unless careful attention is given on frequent occasions to prevent these bulbs from drying out. A container of water placed in the cellar where bulbs are placed will assist in keeping humidity at the proper level.

THANKSGIVING CALLS FOR SPECIAL MEAL PLANNING

Turkey still reigns supreme for the Thanksgiving dinner, but choose the trimmings with an eye to the budget and nutritive value.

This doesn't mean that anything traditional needs to be sacrificed from this American feast, says Miss Bonella Gordon, home economics extension representative of Lawrence county. With planning it is easy to include old-fashioned favorites along with the recommended foods we eat for health.

If turkey with dressing is the main feature on the menu, serve onions with it. Dress them up to fit the occasion—cook and cream them, or sprinkle buttered bread crumbs over cooked onions—and brown in the oven. For the green vegetable to add color and food value to the Thanksgiving meal, plan to have broccoli, Brussels sprouts or kale. Baked sweet potatoes are an excellent addition to the dinner.

For relishes on an occasion like this, serve the traditional cranberry sauce, raw carrot strips and celery culis. And if you like and have them, mustard pickles add extra zest.

Cornmeal muffins or fresh baked rolls made with enriched flour are important even to the Thanksgiving dinner. To top off the meal, how about pumpkin pie, pumpkin custard or pumpkin ice cream? All of this delectable food is packed full of vitamins and minerals without at all smacking of "health and diet." It gives you the necessary milk except what the children need for drinking, cooked and raw green and yellow vegetable, fruit, eggs, poultry, and enriched or whole grain cereals.

AGED MAN HAS BOTH LEGS BROKEN BY FALL

Thomas J. Byler, aged 79 years, of R. F. D. No. 2, New Wilmington, was brought to the Jamestown Memorial hospital at 10 o'clock Thursday night, suffering with fractures of the right leg and left ankle, which were sustained in a fall at his home.

Mr. Byler was descending a small embankment, when he slipped, striking his leg on a sledge hammer.

Rev. D. J. Blasdel Will Present Another Special Sermon Sunday Night

Rev. D. J. Blasdel, pastor of the Mahoning Methodist church, announced today that he plans to continue with the special series of sermons started last Sunday night.

The services this Sunday evening, beginning at 7:30 o'clock, will feature another special sermon by Mr. Blasdel based on "Paul's Messages To Churches."

Mr. Blasdel has announced "The Value of Religious Freedom" as the topic for the morning service Sunday.

Blasdel To Serve
As Dean Of School

Rev. D. J. Blasdel, pastor of the Mahoning Methodist church, has been named to serve as dean of the School of Religious Education, to be held by the Methodist churches of New Castle.

The school sessions will begin in the near future, final plans being discussed at the present time. All Methodist church schools in the city will take part in the project.

EPWORTH LEAGUE HAS
PARTY ON THURSDAY

One of the most successful social events of the season for the Epworth League members of the Mahoning Methodist church, was held in the church on Thursday evening.

With more than 30 persons present, the hours were spent with various games and contests.

The party was given for the young people of the church congregation and is one of a series of such parties. A luncheon was served at the close of the evening by the league committee.

THELMA BUMBAUGH IS
HOSTESS TO SOCIETY

Triangle Missionary society members of the Madison Avenue Christian church, held their November meeting at the home of Miss Thelma Bumbaugh, Sixth street.

The business meeting was followed by a social hour, with games and chat as diversions.

Mrs. J. B. Bumbaugh aided her daughter in serving a delicious luncheon. Next meeting will be held on December 5, at the home of Dorothy Douds, Epworth street.

LEADERS SELECTED
FOR SUNDAY MEETINGS

Rev. John E. Myers, Jr., pastor of the Mahoningtown Presbyterian church today announced the following leaders for the Sunday meetings of the Christian Endeavor groups of that church.

High School C. E. begins at 6:45 o'clock, with Helen DeRemer as leader.

Young People's C. E. will meet at 7 o'clock, with Dorothy Gibson as leader.

DELEGATION GOES

SCHEDULE MEETING

Announcement was made today by Bart Lombardo that a meeting of St. Margaret's society will be held on Tuesday evening, Nov. 18, in the club rooms on North Liberty street. This is a change from the originally scheduled date.

Four From County
To Share Program

New Castle, Ellwood And County Officials To Speak At State Meeting

Four public officials from Lawrence county will take an active part in the sixth annual meeting of the Municipal and Local Finance Officers of Pennsylvania to be held at the Pennsylvania State college, November 21 and 22.

Addressed by outstanding authorities in the field of municipal finance as well as informal talks and discussions are scheduled on the two-day program, sponsored by the Institute of Local Government of

the college, which approximately 250 officials are expected to attend.

H. E. Frank Biordi, member of the Ellwood City borough council, will be one of the discussion leaders at a section meeting on "Emergency Municipal Finance Problems Arising From the National Defense Program" on Friday afternoon.

Frank W. Hill, controller of Lawrence county, will preside at a sectional meeting on "County Costs of Aldermen and Justices of the Peace" on Friday afternoon.

J. Leonard Fink, director of accounts and finance for the city of New Castle, will take part in the open meeting of the Pennsylvania Finance Officers Training committee, of which he is a member.

Lowell Munroe, borough manager of Ellwood City, a member of the same committee, will also take part in the open meeting.

RETONGA GAVE ME THE
ONLY RELIEF I FOUND

Had Given Up Trying But Took Retonga After It Did So Much For Wife, Says Pa. Man. Tells Happy Experience.

Declaring his wife improved so rapidly on Retonga that he began taking the medicine himself, and that he now feels better than he has since his troubles began two years ago, Mr. George Schoeb, well known resident of 1517 Rialto St., adds his strong public endorsement to the hundreds Retonga has received in Pittsburgh.

"Retonga is the first medicine I ever found that gave me genuine relief," declared Mr. Schoeb. "I did not want to eat; and everything just seemed to boil and lump up in my stomach. Mornings I felt so tired I could hardly make myself get up. I had to take salts regularly. I felt full of acid, and I pained and ached all up and down my back and arms. My legs would cramp until the muscles were drawn into hard painful knots."

"I tried so many medicines I gave up but Retonga was so wonderful for my wife I started on it, too; and the relief it gave me is little short of marvelous. I eat anything I want, and I feel lots stronger. The constipation and pains and aches are relieved, and I wake up feeling fine now. We can never praise Retonga enough."

Retonga is a purely herbal stomachic medicine combined with Vitamin B-1 for digestion, nerves and strength. Get genuine Retonga at Eckerd's and Pay-Less Store.—Adv.

MAHONING VALLEY CLUB HAS ELECTION PROGRAM

Mahoning Valley Garden Club members, enjoyed the hospitality extended Thursday evening, in the home of Mrs. W. W. Wallace on the Youngstown road, with Miss Elizabeth Wallace and Mrs. Margaret Kelso, co-hostesses.

Election of officers took place, as follows: president, Mrs. Merle Davis; first vice-president, Mrs. A. Hoffmaster; second vice-president, Mrs. Ada McCullough; recording secretary, Mrs. Pearl Cochran; corresponding secretary, Mrs. Vera Cox; treasurer, Merle Davis; member at large, John Matthews.

The program was in charge of Mrs. Merle Davis, with Mrs. Jane Walters, leader. Movies were shown by Milton Patterson, the subject being "Soil Conservation." In addition, slides were also shown at this time by Mr. and Mrs. Merle Davis of their recent trip to Yellowstone National Park. A vocal selection by Miss Elma Robinson, concluded the entertainment, with a social period ensuing.

MEN'S GARDEN CLUB HAS ANNUAL EVENT

Over 20,000 blooms and 145 varieties of 'chrysanthemums' were viewed by members and guests of the Men's Garden Club when they made their annual pilgrimage to the Hannon brothers greenhouse Thursday evening.

Preceding the pilgrimage, over 60 guests partook of the delicious chicken dinner served at 6:45 o'clock in Chawton Christian church by the women of the church. The church dining room and tables were attractively decorated for the occasion with fall colors and 'mums'.

The event opened with the singing of "America," led by William McCombs with B. K. Thacker, the piano. The invocation was given by Dr. Norris A. White, and during the evening, remarks were made by Prof. Charles G. Lindner, who had charge of arrangements for the dinner. Aiding Mr. Lindner were members of the social committee with John L. Emery as chairman. Mr. Emery also had charge of reservations, while J. W. Anderson was in charge of transportation.

As favors, lovely corsages of 'mums' were presented to the women, while the men received boutonnières.

L. C. B. A. BRANCH MEETING-PROGRAM

Associates of the L. C. B. A. Branch, No. 467 of St. Joseph's church, met Thursday evening in the church hall. Mrs. Katherine Laurell is the new organizer for the coming year.

Mrs. Elizabeth Factor and Mrs. Mary Reider will have charge of the entertainment for the Christmas party of the juvenile members of No. 467, which is to be given at the senate meeting on December 14, at Beaver Falls.

A miscellaneous club, as well as home parties are being planned for the near future. Later a social period was held, and a play was presented by a group of girls, under the direction of Rita Metz. Those who took part were: Pauline Isaac, Betty Carvela, Rita Leonard, Sara Deli, Rosemary Factor and Deiores Mastren.

Card playing and contests were held, prizes going to Mrs. Amelia Costella, Mrs. Ruth Miller, Mrs. Elizabeth Krueger and Mrs. Marie J. Metz.

Dainty refreshments were served later by the social committee. The next meeting will be on December 11, and officers will be elected.

Quilting Club Meets

Mrs. William Back, of Sumner Avenue, entertained the Wednesday Quilting Club, at a local tea room. A delicious chicken dinner was served to ten members.

Special guests were Mrs. Emery Back and son Bobby. Contests were the diversion of the afternoon. Prizes were awarded to Mrs. Ellis White, and Mrs. Milton Book.

The club will be entertained on December 17, in the form of an annual Christmas party, at a local tea room, with Mrs. William Mitchell and Mrs. Milton Book, committee in charge.

BRIDE-ELECT AND BRIDE GIVEN SHOWER

At the First Baptist church, the teachers of the Beginners and Nursery of the Sunday school, gave a tureen supper and shower, Thursday evening, in the dining room, in honor of Mrs. David Peiffer, a recent bride, and Miss Julia Kish, a bride-elect, of November 27.

Social chat was the diversion of the evening.

Mrs. Virginia Frazier, of Slippery Rock, was a special guest.

The honored guests received many lovely gifts.

Mrs. D. C. McClelland and Mrs. Lou Ziegler, were in charge of arrangements.

UNITY CHAPTER TO HAVE PARTY EVENT

Associates of the Unity Chapter No. 1, held their meeting in the Union Calabro club rooms, Division street, Wednesday evening, and plans for a New Year's Eve party were discussed.

Rose Sica, is chairman, and assisting will be, Clara DeCarbo, Ella Phillips, Elizabeth Amadio and Helen Crudell. The event will be at Sylvan Heights, and further plans will be announced.

On November 23, the club will have their annual Thanksgiving dinner-theatre party, with Helen Crudell as chairman. Ida Antonio, gave a treat to the girls of the club. Miss Antonio will become the bride of John D. Rozzano, on November 29, and will leave the club at that time.

Card playing was the pastime, the prize falling to Helen Crudell and the door trophies to Minnie Antonio, Bessie Recupio, Elizabeth Amadio and Helen Crudell. A tasty lunch was served later in the evening by Rose Sica, Josephine Russo and Ida Antonio.

December 3, is the date for the next meeting.

Junior C. T. P.

Members of the Junior C. T. P. met with Agnes Paluzak, North Jefferson street, Wednesday evening for their regular session.

Final plans were discussed for the dinner to be held in a downtown tearoom Tuesday evening, Nov. 18, honoring Helen Foreman, superintendent of the Junior C. T. P. Contests were enjoyed, and tea leaf reading was an added feature. Prizes were captured by Josephine Derry and Phil DePiero. The door trophy was won by Ann Ciaella.

Special guests attending were Bonny Bubnik and June Boyd. Dainty refreshments were served, the hostess being aided by her mother, Mrs. Joseph Paluzak. The next meeting will be held with Anna Colella of Lyndal street.

Sew-A-Bit Club

Mrs. John Fuleno entertained members of the Sew-A-Bit club Wednesday evening in her home Lutton street.

Cards were the main pastime prizes going to Mrs. Joseph Naples and Mrs. Frances DePolis. The club token was captured by Mrs. Barney DeSantis.

A delicious lunch was served later by the hostess, assisted by her daughters, Lucretia and Deiores. The birthday of Mrs. Felix Conti was honored, and she received a gift from the club.

The next meeting will be in the home of Mrs. Anna Palmer, Lutton street, on November 25.

N. B. B. Club

Members of the N. B. B. club held their theatre-dinner party Thursday evening with Mrs. J. Calijure as hostess.

Special guest present was Rose DiDano. Card playing was the pastime, with Mrs. Frank DiDano as the winner. On November 26 Mrs. Carl DeMatteo of Sankey street will be hostess.

Thailand Looms As Key In Critical Far East Situation

Observers Believe U. S. Would Be Forced To Act Should Japan Move

By MICHAEL FROME
International News Service Staff Correspondent
WASHINGTON—The long impending open break between the United States and Japan is increasingly imminent, observers both here and in Japan agree, with the empire of Thailand appearing as cause for the rupture.

American anxiety over Japan's intentions was made explicit early this month when Secretary of State Hull told a press conference that this government was becoming "increasingly concerned" about the threat to Thai independence.

The well-informed Foreign Policy Association has pointed out that "occupation of Thailand by Tokyo" forces would present for greater dangers to British-American-Chinese defenses than the presence of Japanese troops in Indo-China. It declared that such a move would open the way to a land offensive down the Malayan peninsula toward Singapore.

If Japan does attack Thailand it is considered likely that she will suffer more than economic repercussions from Britain and the United States. While our government has thus far contended itself

to moderate warnings against the Japanese, reports indicate that pledges of Anglo-American military aid, in the event of invasion have been made to Thailand through diplomatic channels.

See U. S. Hand Forced
It will be impossible for the United States to remain passive in the face of another Japanese aggression, observers believe, for this government would then be violating her pledge to China and committing herself to appeasement. To allow Japan to continue with a free hand in the Far East is considered highly dangerous.

In this light, Thailand, a small and backward empire, takes on tremendous significance as peace and war for America hang in the balance.

Boy Injured In Hunting Accident

(Special To The News)
GROVE CITY, Nov. 14.—A 16-year-old boy was admitted to the Osteopathic Hospital late yesterday with the muscles of his right arm, below the elbow, shot away by the accidental discharge of a shotgun.

Harold Thompson, 16, of Slippery Rock, R.D. 5, received the injury while hunting with his father, Burr Thompson. The boy was rowing a boat on Slippery Rock creek, and after landing the boat, picked up his 12-gauge shotgun by the barrel. Apparently the weapon was cocked and the hammer was released when it struck the side of the boat. The fleshy part of the forearm, below the elbow, was badly mangled, but no bones were broken.

Calls U. S. Navy The Finest World Has Ever Seen

Lieutenant Commander Tunney Declares American Fleet Is Becoming Invincible

(International News Service)
KANSAS CITY, Nov. 14.—"The United States Navy is the best that has ever existed in the history of the world," in the opinion today of Lieut. Comm. James J. "Gene" Tunney, former world's heavyweight boxing champion.

In an address before the Lion and Metro clubs of Kansas City, Tunney declared the fleet is "rapidly becoming invincible." He likened a capital battleship to a heavyweight champion, saying: "A champ has to take it as well as give it. So does a battleship, and ours can do both."

The former champ, now on active duty as reserve officer in charge of the navy's physical training program was in Kansas City to recruit specially qualified youths to serve as instructors under the plan. He is seeking some 800 applicants, and already has signed approximately 300—about 20 of these enlisted during the two days he spent in Kansas City.

Usually Former Athletes
Recruits, who join the navy to act as physical instructors, usually are former athletes and physical education students. They receive a

chief boatwain's mate rating in the Naval Reserve.
To further his drive, Tunney pointed out "as soon as a youth enlists" he makes 350,000 friends, because of the fine spirit of camaraderie existing in the navy.

Prior to continuing his recruiting tour, Tunney was made an honorary member of the Missouri Peace Officers' Association for the sponsorship of Kansas City Police Lieut. Barney Bahoney, his former corporal in the Marine Corps.

PENN STATE CITED FOR NAVAL TRAINING

(International News Service)
STATE COLLEGE, Pa., Nov. 14.—The engineering school at the Pennsylvania State college has received high praise from the navy department at Washington for its outstanding work in training men for defense purposes.

Secretary of Navy Frank Knox, in a letter to Dean H. P. Hammond, cited especially the instruction given naval reserve officers in advanced Diesel engineering work. Secretary Knox mentioned that of several institutions offering this type of work, Penn State was the first.

WENATCHEE, Wash.—Freezing temperatures, bane of fruit growers, have been enlisted to aid fruit packers of Wenatchee. Ten thousand boxes of apples will be frozen

by the Cedargreen Frozen Packing Company in Wenatchee this fall. The company says its products can be used as fresh fruit in pies and sauce. Two thousand boxes of fruits and vegetables were frozen at the plant last year.

Local Red Cross Fulfills Tasks

Lawrence County Chapter
Is Carrying Out Mission
In Present Emergency

AID IN DEFENSE
WITH PROGRAMS

The magnitude of the task of the Red Cross is measured by the magnitude of upheaval the world witnesses. The Lawrence County Chapter through its membership is carrying out the mission as placed before the entire Red Cross.

The volunteer special services under the leadership of Mrs. John E. Elliott, is supplying the material comforts to those unfortunate people, who for no reason of their own, are without homes, food and clothing. Mrs. Elliott has rallied a splendid group of volunteers throughout the entire county to assist the chapter in keeping the minds and hearts of the afflicted European population determined to live and conquer.

Mrs. A. B. Funkhauser is in charge of production, assisted by Mrs. L. E. Springer, chairman of the Ellwood City branch. Volunteers throughout the entire U. S. have produced fifteen million garments. In Lawrence county 2,940 women have volunteered 45,000 hours and made 20,000 garments.

Knitting Report
Mrs. Robert Garland, chairman of knitting assisted by Mrs. David Cartwright of the Ellwood City branch, have 1200 women volunteering 80,000 hours knitting 4100 garments. These programs are carried on by women in all walks of life and are supplying a great need to the families in our foreign countries.

The surgical dressing program under the leadership of Mrs. W. W. Duff, assisted by Mrs. Wm. L. Dean of the Ellwood City branch, has been doing a splendid piece of work for the armed forces of our army and navy by producing one hundred thousand surgical dressings.

Cooperating with these services is the motor corps under the leadership of Mrs. John McIlwraith. The motor corps is composed of 18 women, volunteering their time and cars to the service of the Lawrence County Chapter.

The Lawrence County Chapter is meeting the mission of the Red Cross and with the tragic march of events all new duties placed upon the Red Cross will be met by the Roll Call being conducted in the chapter jurisdiction. An ALL OUT ROLL CALL is the only means by which the American Red Cross is to be able to carry on the work the American people have designated it to do.

New Japanese Air Route Will Cross Dutch East Indies

Planes Flying From Palau Islands To Portuguese Timor
Will Brush U. S. Patrol

By ROBERT W. KIRBY
International News Service Staff
Correspondent

WASHINGTON, Nov. 14.—In an agreement between Japan and Portugal, planes flying the 1,300 mile route of a new Japanese air-line from the Palau Islands to Portuguese Timor will be soaring for more than half the course above islands and waters of the Netherlands Indies.

A bulletin from the National Geographic society pointed out that the northern end of the route will skirt American-patrolled waters off the southwestern shores of the Philippines, while Timor, the southern terminus, is only 350 miles from the Australian coast near the important naval station of Darwin.

The Palau Island group, which is only a two-hour bomber flight east of Mindanao in the Philippines, already is linked by regular air service with Tokyo, 2,000 miles to the north.

Area Of Palau Islands
The total area of the Palau Islands, which were purchased from Spain by Germany in 1899, is only a little more than half that of New York City. After the World War, the islands were placed under a mandate to Japan. Chief product is copra and abundant supplies of fish and mollusks are to be found there.

Southwest from the Palau Islands the new airline will cross or pass near several of the eastern islands of the Netherlands Indies, among them western New Guinea, Halmahera and Ceram.

Termination of the new Japanese air route will be at Dili, principal town and administrative center of Portuguese Timor. The colony, whose population is nearing the half million mark, has rich resources of oil, copper and gold, most of which remain undeveloped.

Famous Quartette To Play Monday

(Special To The News)
NEW WILMINGTON, Nov. 14.—The Stradivarius Quartette, organized in 1929 and considered one of the major music organizations of its kind in the United States, will present a program in the Wallace chapel at Westminster, 8:15 Monday evening, November 17.

The Quartette is composed of Wolfe Wolfensohn, first violinist; Bernard Robbins, second violin; Marcel Dick, violist; and Iwan d'Archembeau, cellist.

How to remain conscious and alert in high altitude flying is taught airplane pilots with the aid of a sealed low pressure tank that duplicates atmospheric conditions at 35,000 feet.

News And Views From Pennsylvania Capital

(International News Service)
HARRISBURG, Nov. 14.—The Commonwealth of Pennsylvania today is the nation's largest dealer in liquor, the U. S. Census Bureau reveals. . . Its sales surpass that of any other agency, its receipts totaling more than \$73,000,000 a year. . . In return, the state and local governments realize a profit of nearly \$17,000,000 from this great monopoly. . . Family expenditures for hard liquors and alcoholic wines in Pennsylvania average \$29.11; the census bureau disclosed.

Other pertinent information made public by the census bureau as a result of its 1940 findings discloses that in addition to Pennsylvania there are 15 other state liquor monopolies. . . The largest monopolies next to Pennsylvania are Ohio and Michigan, their receipts totaling approximately \$52,000,000 and \$36,000,000 and their profits \$7,800,000 and \$8,300,000 respectively. . . The census bureau analysis further discloses that the \$29.11 sales' average for Pennsylvania families is higher than the average for the 16 states as a whole, which is \$26.22 per family. . . It is not the highest, however, as Pennsylvania is exceeded by three other states. . . Family expendi-

tures in the 16 states range from \$12.53 in Alabama (where the majority of counties are dry to \$35.57 in Montana, where the state monopoly obtains some revenue from over sales also.

There are doubts on Capitol Hill whether the U. S. Social Security Board will give its wholehearted approval to the selection of Frank L. Shallow, of Philadelphia, as successor to Ernest Kelly, dismissed executive director of the Bureau of Employment and Unemployment Compensation. . . Shallow's appointment was sponsored by Philadelphia Republican Chairman David W. Harris, whose personal physician, Dr. Thomas Shallow, is a brother of the new appointee. Secretary of Labor and Industry Lewis G. Hines and Shallow both agreed that the approval of the federal board was not needed. However, the board has some authority in the matter as it provides that the approximately \$7,000,000 a year that is needed to administer the \$185,000,000 jobless insurance fund

With the 1941 off-year election out of the way, the big election campaign, that of 1942, can be expected to get under way soon, prob-

ably right after the first of the year. . . Both parties feel that they have a good chance of winning the election, in which a governor, lieutenant-governor, secretary of internal affairs, a supreme court justice, a superior court judge, a legislature and 33 congressmen will be chosen. . . U. S. Sen. James J. Davis and Maj.-Gen. Edward Martin, who will be retired from active duty in the army soon, appear to be in the lead for the G.O.P. gubernatorial nomination. The Democratic race appears to be wide open, with numerous would-be candidates in the field.

Tuberculosis Bans Only Small Per Cent Of Army Selectees

Twelve Hundred Are Rejected
In Pennsylvania, Department
Of Health
States

(International News Service)
HARRISBURG, Nov. 14.—The current issue of "Pennsylvania's Health," official monthly journal of the state department of health, presents data resulting from physical examination of selective service registrants in the following excerpt:
"From March, 1941, to September 16, 1941, there were 140,264 registrants examined at the local boards in Pennsylvania and 896 men rejected for tuberculosis or 63 of one per cent. From November, 1940, to August 30, 1941, 66,582 selective service men were examined at the induction centers now known as examining centers. In this total, 1,322 cases of tuberculosis were found, or 1.93 per cent.
"The grand total of tuberculosis rejections at the local boards and induction centers is 2.47 per cent."

COURT FINISHES.

All cases listed for this week's term of civil court were finished on Thursday afternoon and the jurors not serving on the case in number one, were discharged.

In number one, before Judge Brannan, is the case of Paul Mehalco Pauline, Mehalco, Daniel Mehalco and Dorothy Mehalco by Paul Mehalco, their guardian, Catherine Boyko, Dorothy Boyko and Antoinette Boyko by Catherine Boyko, their guardian, against Floyd Cotton for damages alleged to have resulted from an accident on August 8, 1938. The plaintiffs charge that on the day mentioned, the defendant was towing a truck near Princeton and came out of a side road without stopping. The plaintiff's car was damaged and the occupants injured.

In number two, before Judge Matthews the case of Annie Sutton versus Peter Askounes was non-suit. The case arises out of injuries said to have been sustained by the plaintiff in the restaurant of the defendant. Former Judge James A. Chambers for the defense asked for a non-suit after the testimony of the plaintiff, claiming the defendant was guilty of contributory negligence. Judge Matthews upheld the motion for a non-suit.

In the case of George Nemkovik versus Joseph Jarocki, a verdict for \$34 was given the plaintiff. The case was one in which the plaintiff said he had not been paid in full for some plowing he had done for the defendant.

WALTON, APPOINTED.

County Commissioner William R. Walton has been named on the Metropolitan Area Defense Council which is an organization composed of governmental and civic heads in the western end of the state with Mayor Cornelius D. Scully of Pittsburgh as chairman. Mr. Walton is the chairman of the Lawrence county council of defense.

COUNTY EXPENDITURES.

Expenditures for the month of October from the general fund of the county treasury amounted to \$31,247.50 according to a compilation made by County Controller Frank W. Hill. The amount is divided as follows:
County commissioners \$2747.76
Court house maintenance, \$8692.09
General elections \$866.43
Primary election \$10.
Permanent registration \$661.50
Tax assessment \$2760
Sealer of weights and measures \$750

The statement did not contain a direct threat of a strike, although non-operating employees authorized their leaders last September 5 to call one, and the five big operating brotherhoods have ordered a walk-out to begin December 7.

On the subject of future action to enforce their demands the statement said:
"Railroad employees believe in orderly procedure, but they are not willing to accept injustice."

URGES WAR BE MADE AGAINST JAPAN NOW
(International News Service)

Government Plans Organization For Civilian Defense In Nation

MEN AND WOMEN WILL BE ENROLLED

By WILLIAM GOODE
International News Service Staff Correspondent

WASHINGTON, Nov. 14.—The government plans to mobilize 6,000,000 men and women into disciplined semi-military organizations for civilian defense, it was revealed Thursday as "sign up for defense day" was observed in thousands of cities and towns throughout the nation.

The program, envisioned by defense officials as a necessary preparation for total war, calls for 1,500,000 auxiliary police—a number likely to be increased; 1,500,000 auxiliary firemen and fire-watchers; 300,000 aircraft watchers, 700,000 clerks, drivers, nurses and aides in air-raid patrol centers; 40,000 physical training leaders and an unfixed number of volunteers for bomb squads, decontamination corps, demolition crews, road repair squads and rescue parties.

May Need More
Defense officials emphasized that the figure of 6,000,000 is a temporary one and might be revised upward.

Most of these volunteers, they said, would be under disciplined leadership; the auxiliary police, for example, are being organized into squads to work under local police heads; regular fire department officials will instruct volunteer firemen; air-raid watchers will be divided into squads of 500 under the command of an air raid warden and three assistants; units of drivers' corps will take orders from a coordinator of transportation.

Men and women, over 21 and up to any age that they retain their physical fitness, are asked to volunteer for these disciplined services. Physical examinations will be given, but a spokesman for the office of civilian defense said they "won't be as tough" as the draft tests.

"We hope to have many 'volunteers' enrolled," he said, "particularly in those jobs which women can't do." Women would, he said, be included among auxiliary police, aircraft watchers, emergency food and housing corps, and medical and nurses corps.

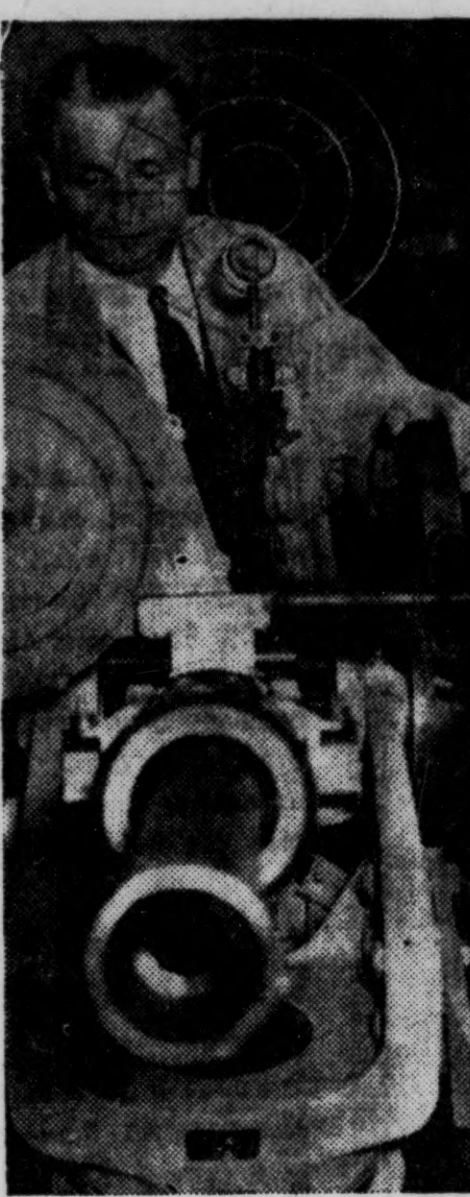

An elaborate system of arm-band insignia has been worked out to designate the members and leaders of the various services. A single red flame set in a white triangle on a blue circle designates fire watchers. A ladder, rescue parties; a steering wheel, drivers corps; and a diving plane, bomb squads.

Civilian participation is not limited to the semi-military services. Boys and girls of 15 and over are being enrolled as messengers; 500,000 people of all ages are asked to volunteer as home gardeners; 100,000 people are needed for local volunteer office staffs; 25,000 more for checking citizenship records.

Daily Dozen
(From the Medical Society of the State of Pennsylvania)
Let us take 1,000 average men and look them over.
Twenty-three have infected tonsils or sinuses.
Fourteen have poor vision which cannot be corrected.
Tuberculosis will be found in 12 hernias in seven.
Six have very bad teeth, another six have high blood pressure.
Cancer, anemia, diabetes or epilepsy are found in five.
Four have fairly advanced heart disease.
Three suffer from well-developed varicose veins.
Two have an infectious skin disease.
Sixteen are so below par they are unsatisfactory workers.
Seventy of the 1,000 are unfit for safe employment.
Industrial concerns examine men before hiring them—see why?
Somebody must have power, and the big man who criticizes another's power always seems to be saying: "Let me have it."

that Japan is in a precarious position if organized warfare is made from Siberia, China, Alaska and from carriers in the Pacific.
"America can and must call Nippon's bluff," asserted Young in an article written for an aeronautical journal. "We must free our squadrons in the Pacific if we are to get the necessary aid to Britain in time. This is the hour to act."

450 Shells a Minute

Latest anti-aircraft cannon to be turned out at the Pontiac Motor plant in Pontiac, Mich., is the Overlikon which pours out 450 explosive shells a minute. The wire circles are part of the sighting arrangement. The gun is so mounted that it can be operated in any direction. (Central Press)

Biddle Is Given Another Envoy Post In London

(International News Service)
WASHINGTON, Nov. 14.—The senate by voice vote Thursday approved the nominations of Anthony J. Drexel Biddle to the American embassy to the Greek government in London, and of Charles Fahy to be U. S. solicitor general.

Biddle, former ambassador to Warsaw, already represents this country to the exiled governments of Poland, Belgium, Norway, The Netherlands, Yugoslavia and Czechoslovakia in London.

Fahy, former general counsel for the National Labor Relations board, succeeds Francis Biddle, who has become attorney general.
Also confirmed by the senate was Chester M. Porsman to be United States marshal for North Dakota, succeeding the late Stephen J. Doyle.

WEARS COTTON SOCKS

(International News Service)
BATON ROUGE, La.—Harry D. Wilson, Louisiana's 72-year-old commissioner of agriculture, was slightly peeved at the fuss made over Vice-President Henry Wallace's abandonment of silk socks.
"Why, I been pulling on cotton socks every morning at 5 o'clock for the past 50 years," huffed Wilson.
"And what's more, I been pulling them over long cotton drawers."

New Funds For Army Expansion To Be Requested
(International News Service)
WASHINGTON, Nov. 14.—House appropriations committee members said yesterday that they expect President Roosevelt to submit a new army expansion program, amounting to at least \$5,000,000,000 to congress within the next few days.
Rep. Cannon (D) Mo., chairman said tentative arrangements were made by the deficiency appropriations sub-committee to consider new army requests next week.
"We understand that a very large army appropriation budget request is under consideration," he said.

Only One Co-ed
Is Just Sixteen
At Westminster

(Special To The News)
NEW WILMINGTON, Nov. 14.—Only one co-ed in the entire enrollment at Westminster college can qualify for the title "Sweet Six-

teen", because out of 664 collegians and co-eds, Miss Zona Brokosch Wilkinsburg freshman, is the only "campus yearling" under 17.

Average age of the student body is 18, with 171 campus students out of an enrollment of 664 classified in that group. Next in order comes 138 nineteen-year-olds, 130 twenty years of age, and 103 twenty-one. Twenty-two students on the campus are above the 23-year-old mark. Although 18 is the normal age for beginning freshmen, there are 56 Westminster co-eds and collegians

in the "Booth Tarkington Penrod age" of 17—known as "the age of delightful adolescence."

Two Soldiers In Iceland Will Be Placed On Trial

General Court Martial To Follow Shooting Of Icelandic Fisherman

(International News Service)
REYKJAVIK, Iceland, Nov. 14.—United States army authorities announced today that Private Everett Farmer of Huntington, West Virginia, and Charles Cox of McKee, Kentucky, will be tried by a general court martial on charges of voluntary manslaughter.

The announcement followed the death of an Icelandic fisherman, Thorur Sigurdson, 22, from bullet wounds inflicted during an altercation outside a cafe at Hafnarjorður near Reykjavik.

Two other persons were slightly injured. The soldiers contended Sigurdson and a number of other Icelanders attempted to seize them.

Two other American soldiers were asserted to have been present when the shooting occurred. Four American soldiers were reported taken into custody.

The Reykjavik newspaper Visir claimed the soldiers violated a regulation prohibiting them from carrying arms after 5 p. m.

Babson Discusses Wages And Prices; Also Cost Of Living

By ROGER W. BABSON
(Copyright—1947—Publishers Financial
Bureau, Inc.)

BABSON PARK, Mass., Nov. 14.—I know something about "cost-of-living" indices. When I was as-

sistant to the secretary of labor I had a hand in making the government cost-of-living index then in use. The U. S. Bureau of Labor's present index is complete, but impractical. 198 different goods and services are priced. Rents are priced in 33 cities for a varying number of dwellings where wage earners and clerical workers live, depending upon the size of the city—from 450 in Manchester, N. H., to 2,750 in New York City.

What's In The Index
The cost-of-living index is made up by combining a separate index for each group of expenditures. The food group is derived from such items as cereals and bakery products; meat, fish and poultry; eggs and dairy products; fruits and vegetables; fats and oils; sugar and beverages. "Cereals" include white flour, macaroni, corn flakes and corn meal; whereas "fruits and vegetables" include apples, bananas, oranges, green beans, cabbage, carrots, lettuce, onions, potatoes, spinach, sweet potatoes, as well as the canned and dried varieties.

Other groups cover clothing, rent, fuel, electricity, house furnishings, insurance, and miscellaneous. There is an index for each of the 33 cities covered. Thus, the index is not meant to represent the cost-of-living on farms. I have adjusted this U. S. index to cover the 15 per cent waste which goes into the garbage pail and elsewhere. I, however, have made no allowance for the billions wasted on crime, harmful drugs, etc. The importance of waste cannot be too highly emphasized in computing a cost-of-living index, particularly in these times. The President, in his proclamation establishing Civilian Defense Week says, "We must halt the waste and all unnecessary use of critical materials."—I submit my index below:

Food	28.6
Clothing	8.4
Rent	18.0
Fuel, Electricity and Ice	4.4
House Furnishings	4.2
Miscellaneous	20.7
Insurance	7
Garbage Pail, Other Waste	15.0
Total	100.0

are urging retailers to stock up. Retail inventories are now very high and orders for future deliveries of new merchandise are higher than current inventories. However, to date, retailers have not generally marked up prices to meet increased wholesale prices. They may have to do so after current inventories are exhausted.

With more people employed and some having higher wages, more cash is available to spend today than in a good many years. As a result, people are demanding the very best and the highest-priced goods. However, in many instances they could, and should, buy the cheaper lines of merchandise. For example, a pair of men's good shoes can be bought for \$3.60. It certainly is not necessary to pay \$8.50, or more.

Cost Of Food

Some food prices are up; many are the same as, or lower than, a year ago. For example, canned soups have not risen, nor have fresh fruits and vegetables. Meat sales and prices are both rising; but beef is still a good value compared with a year ago. Salmon has gone up; but crab meat is lower. Rice, dressed poultry, corn, and sugar are also among the items which have not had any appreciable upward move.

Watch the newspaper ads and buy things which are plentiful, as squash and apples are now. Buy cheaper cuts of meat. Bottom of the round sells in Boston for 32 cents a pound and has as much food value as sirloin at 65 cents. Why buy for "tenderness" when you can get as much nourishment for less money and have a smaller dental bill? There is a 3-5 cent difference between canned "standard" peas and "fancy" peas. The standard pea has more food value and costs less. The fancy pea only looks and tastes better.

Cost Of Shelter

Building costs, including materials and labor, are about 12 per cent above a year ago. Before building a new house today prospective home-owners should perhaps consider the purchase of foreclosed property from banks and insurance companies. Much of this property is available and has been put into good shape. Such property may be financed on a modest down payment and easy monthly installments. Thus the total cost of owning a house today may be even less than in the past if people will take time to shop around.

The rise to date in the over-all cost of living is fully compensated for by the fact that there has been a continual increase in the number of people employed. This monthly increase is now running at the rate of about 450,000 persons. As some of a family, heretofore unemployed, gets employment, this raises the total family income and compensates for any increase in the cost-of-living.

Combating Living Costs

Some 80 per cent of our workers are engaged in non-defense industries which cannot possibly pay increased wages. Civil service and other government employees are in the same boat. They will feel rising living costs more than any other group. The 5 per cent minority group can readily adjust themselves to meet higher prices. Most of those, however, who are not in the defense industries must change their purchasing habits.

This 80 per cent of our people will surely have to be content with wasting less and spending less on their car. They can do much, however, to combat rising living costs by shifting their purchases from items that have gone up to items that have not gone up. This can be done. We can all also remember the old New England proverb, — "Eat it up—Wear it out—Make it do!"

F B. I. Training Course Planned Here For Police

U. S. Department Of Justice
Announces Six-Day School
For New Castle

By ARTHUR C. WIMER
(Special Washington Correspondent, New
Castle News)

WASHINGTON, D. C., Nov. 14.—A six-day FBI civilian training course for police officers will be held at New Castle, March 23 to 28 inclusive, the United States Justice department announced today.

These defense training courses are being conducted throughout the nation by the Federal Bureau of Investigation at the request of Civilian Defense Director Florio LaGuardia. The training class is designed for subordinate police officers who will directly handle civilian defense work. FBI agents will instruct New Castle police on the following topics: Trends of various "isms"; espionage investigations; sabotage; subversive investigations; report writing; spot map maintenance; air raid reports; summary reports on conditions; coordination of war emergency work; maintenance of files; follow-up systems; assignment records; duties in small towns and rural areas; codes; telephone and telegraph emergencies; air raid signals; traffic control in wartime and in blackouts; convoy work; protection of property and police personnel.

ACCIDENT VICTIM

IS NOW IMPROVING

George Johnson, of R. F. D. No. 3, who was struck by an auto at the intersection of the New Wilmington and Pulaski roads, Monday, is recovering nicely in the Jaenson Memorial hospital, and will be able to leave the hospital, possibly today. Mr. Johnson suffered head injuries.

Chile has just given its president power to prohibit the shipment of products out of the country.

Will Ask Aid From Governor

Legislative Committee In
Hopeless Deadlock On
Congress Reappor-
tionment

MAY CONSIDER STATE-WIDE MOVE

By JOHN PAGET
International News Service Staff
Correspondent

HARRISBURG, Nov. 14.—Admit-
ting a hopeless deadlock, the bipar-
tisan legislative committee seeking
to eliminate one of Pennsylvania's
34 congressional today sought the in-
fluence of Gov. Arthur H. James
to force an agreement.

Elmer Kilroy, Philadelphia, speaker
of the Democratic-controlled house
of representatives said Sen.
M. Harvey Taylor, Dauphin Re-
publican, and Rep. Leo A. Achter-
man, Monroe Democrat and Major-
ity Floor Leader, will confer with
the governor Nov. 18 to discuss a
reapportionment program satisfac-
tory to both Republican and Demo-
cratic parties.

Would Give Views
Governor James, who has reiter-
ated he will not convene a special
session of the legislature until both
parties agree on a plan, has in-
dicated he would be willing to give
the committee his views on redis-
tricting.

Meanwhile, the 10-member com-
mittee prepared to meet Tuesday
and consider the advisability of
reapportioning Pennsylvania on a
statewide basis instead of by plans
aimed at one or more districts.

The members also were reported
to be studying a move to cast aside
instructions from party leaders in
an effort to draft a mutually accept-
able plan.

"Such action was discussed, but
the committee still is deadlocked,"
declared Sen. Charles H. Ealy, Som-
erset Republican and president pro
tempore of the senate. "If I had
my way I would adjourn the com-
mittee sine die and have the con-
gressmen run at large."

"It is my opinion that the Demo-
crats do not want an at-large elec-
tion because the Republicans would
have the best of them."

May Extend Into January
Kilroy, who serves as a member
ex-officio of the committee, indi-
cated that reapportionment may
not be completed before the end of
January. The final date for con-
gressional candidates to file nomi-
nating papers is March 30. The pri-
mary election will be held May 19.

Sen. John H. Dent, Westmoreland
Democrat and committee member,
said he was considering asking Gov-
ernor James to convene a special
session of the assembly, adding he
believed public opinion would force
the legislature to strike a reappor-
tionment agreement.

Achtermann asserted that in view
of the fact that plans under dis-
cussion failed to win united sup-
port he believed that if the state-
wide plan failed "there would be
nothing left for the committee to
do."

The state-wide plan submitted as
a "Pebble" by Federal Judge Albert
B. Morris, Philadelphia, was ruled out
by the committee, Achtermann said,
because it crossed county lines and
might lead to confusion.

The Dent plan, providing for the
elimination of the 33rd congression-
al district in Allegheny county, was
opposed by David L. Lawrence, Pitts-
burgh, Western Pennsylvania Demo-
cratic leader and former state
chairman.

**FIREMEN CALLED
TO TREAT WOMAN**
City firemen were called to the
home of Mrs. Earl Snyder, of 203
North Cedar street, at 3:40 o'clock
Thursday afternoon, when hot wa-
ter belled over on an oil stove. No
fire resulted but Mrs. Snyder suf-
fered scalds and was given first aid
treatment by the firemen.

**TIRE AND WHEEL
BALANCE**
Owing to high operating speeds
of the modern motor car,
proper tire care has become a
very important factor in the
correct and safe performance
of the automobile as the long-
evity of many moving parts
on the car has been found to
depend upon balancing tires
and wheels.

Gilfillan Reports Columbus Session To 'Y' Directors

J. Clyde Gilfillan, chairman of
the finance committee of the board
of directors of the New Castle Y. M.
C. A. and official delegate of the
central Western Pennsylvania as-
sociations at the October session of
the national Y. M. C. A. council in
Columbus, reported yesterday the
highlights of the Ohio convocation
to the local board.

Assembling in the "Y" building
during the afternoon, the directors
heard Gilfillan discuss the national
council program and its effect on
Western Pennsylvania associations.

Gilfillan for three years has rep-
resented this section of the state
at council meetings, first in Detroit,
then in Pittsburgh and this year
at Columbus. More than 300 from
all over the nation attended.

The board, General Secretary
Robert L. McCormack reported,
briefly discussed routine business
matters.

TROOP 11.

Girl scouts of Troop 11 held their
weekly meeting Wednesday, No-
vember 12, at the Croton Methodist
church.

The entire period was spent in
practicing for a play, "Belle Brown's
Sacrifice," which is to be given No-
vember 16, at 9:30 o'clock in the
church. The parents of the girls are

invited to attend the morning serv-
ices.

Next meeting will be held Tues-
day, November 18, at the home of
the leader.

WHEAT STORAGE PROBLEM HAS SOLVED ITSELF

(International News Service)

SPOKANE, Wash.—While a lack
of wheat storage space was a prob-
lem in the Inland Empire a
month ago, it has now largely solved
itself, grain men announced. Ele-
vators and terminal mills in the

Puget Sound and Columbia River
area remain crowded, but inland
elevators have space available.

However, much grain is still
stored in the open next to bulk
warehouses in the Big Bend coun-
try of eastern Washington where
many farmers who ordinarily have
harvested yields of only 10 bushels
per acre this year are harvesting
30 to 40 bushels of the golden grain
per acre.

Many farmers who anticipated a
lack of bulk storage space for
their wheat made arrangements to
sack their entire crop. Plenty of
storage space for sacked wheat is
available, growers stated. In the
Lewiston, Idaho region, much of the

wheat crop has not been harvested
and probably will not be. It is
being used as forage for cattle.

NESHANNOCK TWP. FIREMEN TO MEET

ON MONDAY NIGHT

Neshannock township volunteer
fire department members will meet
Monday evening, November 17, at
the Walmo school building, accord-
ing to an announcement made today
by James Messner.

The meeting is called for 7:30
o'clock and nomination of new of-
ficers for the coming year will be
the main item of business.

Mud And Rain Prove Big Aid To Russians In Battle With Nazis

By CAPTAIN JOHN H. CRAIG
U. S. Marine Corps, Retired
Written Especially For International
News Service

Red army headquarters announced several weeks ago that General Winter had been reduced to a corporal, meaning, of course, that the coming of the ice and snow of Russia's bitter winter could no longer be expected to bring the war to a halt. There was a time not so long ago when the arrival of November's frigid gales sent armies scurrying to winter quarters, but modern science has changed all this.

It now appears, however, that if General Winter has been demoted, General Mud, another of Russia's traditional allies, has been promoted to the rank of field marshal. In all human probability it is mud that has been mainly responsible for the halting of Nazi drives on Moscow and in the Ukraine, and giving the harassed Soviet forces desperately needed time to reform and re-group their defensive armies.

Climate Aids Reds

According to all reports from the front, Russia's unpredictable climate has once more come to the aid of the motherland with just what the doctor ordered for its defense, as it did in the Napoleonic invasion and in the war against the Turks.

Berlin and Moscow agree that the drenching rains started in late September, mounted to torrential proportions in October and have continued with sleet and snow but without extreme cold through November to the present.

Most of European Russia from the Polish border to the Urals is flat as a pancake. When rainfall comes, as it does in spring and fall, the water has no place to drain and forms into pools and marshy morasses. This is fine for crops, but it stops motor transport and tanks in their tracks.

Photographs and news-reel shots of the front bear witness to the fact that two months of rain have made a bog of almost the entire Nazi-Soviet battlefront. Marching men are shown toiling through soupy gumbo coming half way to their knees. Trucks and tanks appear mired to their axles. Process on ordinary dirt roads and across the country has become out of the question.

This has confined Nazi advances to Russia's few stone and concrete highways and the Red army has been preparing for years to defense these. Heavy charges of TNT are planted under every bridge. Land mines are sown at frequent intervals under the road itself and even the shoulders of the roads and the fields adjoining them are filled with camouflaged explosives.

One Huge Mine Field
Nazi reports say that the entire road system west of Moscow is one huge mine-field. Yet German columns cling to the main highways as long as Field Marshal Mud holds sway.

How long present conditions may last is a question that is likely to have a vital bearing on the chances of the Russians to establish a stable front for a war through the winter. A heavy freeze may arrive at any time now, turning bogs and marshes into flinty ice-fields on which tanks and guns can roll again.

When this freeze-up comes, once again there is likely to be a period of danger when German panzer divisions can maneuver at will and Nazi supply trains can ignore roads and drive over any frozen field to their destinations. This period will end when heavy snows arrive, which in January and February pile in drifts frequently 10 to 20 feet deep. Then again the pace of war will be slowed.

Freeze Up In December
If the Russian climate runs true to form, the lasting freeze-up for the winter should not come until early December, but remaining true to form is one thing the Russian climate seldom does. This year, for example, when the Russians needed it most, unusually early rains brought deep mud by the first week in October, a month before it could reasonably be expected. In 1939, when the Poles needed mud as desperately as did the Soviets in 1941, no rain worth mentioning fell until November, by which time the Panzer divisions had destroyed the Polish army.

So the Red army chiefs are hoping

ing that the heavy frosts hold off and the sleety rains continue, giving Field Marshal Mud command of the terrain right up to the time, ordinarily late in December, when heavy snows appear.

Contrary to the commonly accepted theory, it was mud that did more damage to Napoleon's grand army

than ice and snow. Thirty thousand Frenchmen were drowned at the disastrous crossing of the Beresina because the ice was not thick enough to carry their weight.

FROWNS ON BINGO
(International News Service)
NEWBURGH, N. Y.—Although he never has attended a game in his life, an anonymous Orange county man wants District Attorney Henry Hirschberger to keep him from losing from \$6 to \$8 two nights each week at bingo. "The game, he com-

plained, is attracting more than 200 women two nights a week and is operated "by a gang of New Jersey racketeers." Among these women—and that's the rub—is his wife.

During July, 18,354 new employees went to work in airplane factories from coast to coast.

Sixteen Street Car Men Have Served Over Thirty Years

Twenty-eight employees of the New Castle Electric Street Railway company are soon to take out their street car for the last time; after which most of them will begin operating buses, it having been announced recently by company officials that bus service would start here early in December.

And when the men do leave their cars, 16 of the 28 will have operated a street car more than a million miles during 30 years of service and the 16 combined have operated cars approximately 16,425,000 miles.

According to statistics secured today from T. C. Moore, superintendent of the street car company who also will hold a similar position with the bus company the operators on a basis of operation every day in the week for their length of service have aggregated "driven" cars 25-320,000 miles, each day's mileage being approximately 100.

Long Service
Before the car operators begin their regular bus "runs" they will go through a training period after which they will have said good-bye to their electric propelled cars and taken charge of their new gasoline-driven buses.

The men who have served 30 years or more are:

C. J. Garwig, Clark Pattison, C. C. Wick, J. H. McCommon, P. N. Brest, H. A. McConnell, C. C. Clark, D. H. Barge, J. E. Miller, D. M. McPate, A. J. Kellner, J. E. Gorman, D. K. Fraser, M. E. Bare, A. H. Heasley and C. E. Douglass.

The men who have served 25 years or more are:

A. W. Wolfe, L. O. Rowland and W. L. Reed.

The men who have served 20 years or more are:

R. G. Stewart, A. G. McClure, T. W. Speers and M. J. Hunter.

The men who have served 15 years or more are:

C. J. Roeder, J. G. Mariacher, H. L. Shoaff, A. W. Kyle, and C. E. Meade.

The buses will be of the latest type according to a recent announcement by W. H. Muldoon, vice president and general manager of the bus company. Some of them may be in training service as early as next week.

Rumors Troops Ordered Ready To Leave Camp

(International News Service)
CAMP ROBINSON, Ark., Nov. 14.—Two regiments to the 35th division are under orders to be prepared to leave Camp Robinson on two hours notice, persistent but unconfirmed rumors said today.

The reports associated the situation with the possibility that the soldiers might be sent to Pennsylvania fields where John L. Lewis has threatened to call a strike of captive coal mine workers.

Mentioned in the reports were the 134th Nebraska Infantry and the 138th Missouri Infantry regiments, which were confined to the post last night. Both are former National Guard units and a part of the 35th Division.

Col. B. B. Milton Berger, commander of the Nebraska regiment, declared he had no information regarding the possible movement of the troops.

Major Gen. William H. Simpson, division commander, is due to return to Camp Robinson today from Washington.

Soldier Vote Settles Election

GREENSBURG, Pa., Nov. 14.—The soldiers did it. Because of the soldier vote William Burdett, Republican candidate for school director, believed defeated by the two votes by his Democratic opponent, Glenn G. Vance, to a vacancy on the board, was declared elected today.

Official county figures showed the election of Vance by a two majority. Then came the vote of eight local soldiers, six of whom cast their ballots for Burdett and two for Vance, now making Burdett having a lead of two.

The other two Republicans re-elected were Abner E. Henry and K. A. Nevin. The soldier vote did not change the standing of the nominees for council, Edgar T. Hammer, Republican, and W. Howard Bortz, Democrat.

Soldiers are bitter because they expected too much. Newspaper stories had made them believe that all potatoes were peeled by machines.

Elks Map Honor To Clark Buell

Lodge Here Hails District Deputy December 10; Valley Honors Him

Extra-special plans are in the making for the annual "District Deputy Grand Exalted Ruler Night" program of the New Castle Elks lodge which falls December 10, for the man to be honored this year as district deputy is Clark H. Buell, long active in affairs of the fraternity here.

Buell, who represents the grand exalted ruler in the deputy position, chose to close his official visitation to the 17 lodges of northwestern Pennsylvania in his home lodge.

That night the local members will hear Buell discuss national Elks defense objectives. An "American class" of new candidates will be initiated in his honor.

District Deputy Buell last night paid his official visit to Beaver Falls Lodge 348 and was accorded high honor. A party of New Castle Elks accompanied him to the valley city.

Make Visit To Fort Bragg, N. C.

Mrs. Harry R. Jones, son Donald, of Miller avenue, and Miss Eleanor Davies, nurse at Jameson Memorial hospital, have returned from Kander, in the Fort Bragg, North Carolina area, where they visited with the former's son, Private First Class John W. Jones, of the 26th Infantry, and a cousin of Sergeant Don Curly, 18th Infantry (of Youngstown), also Sergeant Stanley Jaskell, of Hanna street, this city. These soldiers have been in this district for maneuvers.

Mrs. Jones states that the people of the towns surrounding the camp treat the boys fine. The U. S. O. is a great boon to the soldiers, they don't know what they would do without it; the mothers and friends who visit the boys are treated very cordially.

They also visited in Fort Bragg, and pronounce the camp as wonderful. Armistice Day they were at Washington, visited Arlington Cemetery, and heard the President speak in the amphitheater.

Donald Jones expects to leave Tuesday to join the Naval Reserves.

Humorist Will Give Speech At Rotary

Charles A. Leedy Speaker For Attendance Banquet Monday Night

Charles A. Leedy, noted Youngstown humorist, will be principal speaker at a special attendance dinner of New Castle Rotarians in The Castleton Monday evening, November 17, at 6 o'clock.

The banquet celebrates the close of an attendance race which saw Captain E. J. King's men defeat Captain Arthur B. (Boss) Heitzman's group 53 to 46. King and Heitzman are personally giving the dinner.

Music during dinner will be provided by a 10-piece orchestra. Other entertainment in addition to Leedy's talk is also planned.

Rotary will pass up its customary noon get-together next Monday.

Phone Strike Is Postponed

NEW YORK, Nov. 14.—A strike called for midnight Friday which would affect the American Telephone and Telegraph communication system in 42 states and the nation's capital was postponed for at least a week.

John J. Moran, president of the Federation of Long Lines Telephone Workers, an independent union, said that the walkout had been held up and the federation's national council called into session here November 21 at the request of Dr. John R. Steelman, director of the United States conciliation service.

Bernice and Doris Richael entertained the members of their S. S. class with a masquerade party. A delicious lunch was served by the hostesses, assisted by their mother, Mrs. Clarence Richael.

Mr. and Mrs. Jesse Carr attended a shower Saturday evening in honor of Mr. and Mrs. Jones, nee Mary Barber, at the home of her sister, Mrs. Howard Kelly of Grove City.

Mr. and Mrs. Jesse Carr were recent callers at the home of Mr. and Mrs. Thomas Smith of Neshannock Township.

Select Two New Health Centers

Altoona And Philipsburg Announced As Latest State Health Centers

(International News Service)
HARRISBURG, Nov. 14.—Pennsylvania's long-range program to establish local health centers throughout the state was enhanced today by the selection of sites for two new centers in central Pennsylvania.

While eight centers already are in more populous industrial areas, new units will be started shortly in Altoona and Philipsburg, Dr. J. Moore Campbell, director of the bureau of health conservation, told International News Service.

The Altoona health center will serve Cambria, Blair and Huntingdon counties, and the one at Philipsburg center, Clearfield and Clinton counties. A full-time physician will be on duty at each center, which will also serve as offices of the district medical officers.

The health department plans to increase to 25 the number of its health centers "as soon as the right men can be found to serve as full-time medical directors," Dr. Campbell pointed out. The positions pay an annual salary of \$4,200.

Approximately \$1,000 was spent by the department during the past year on maintenance of the centers. Due to the stoppage of federal aid and the scarcity of physicians, officials indicated, several years may elapse before all units could be placed in operation.

The shortage of physicians was traced by department heads to the absorption of many trained medical men into the military service, while others have taken jobs in the constantly expanding national defense industries.

Finland Would Negotiate Anew

"Willing To Accept New Negotiations With U. S." It Is Asserted

(International News Service)

STOCKHOLM, Nov. 14.—A declaration that Finland is willing to "accept new negotiations with the United States" was attributed to a spokesman of the Finnish foreign office today by the Stockholm newspaper Tidningen.

In an interview with the Helsinki correspondent of the Tidningen, the Finnish spokesman was quoted as setting forth Finland's position following the Helsinki rejection of the American appeal for termination of Russo-Finnish hostilities.

In reply to a declaration by American Secretary of State Cordell Hull that the Finnish reply evidently evaded the most important question regarding Finland's military position, the Helsinki spokesman declared:

Military Secret

"The question of the Murmansk railway and the front line which is considered Finland's security border is a military secret which cannot be mentioned in an open note."

The Tidningen interpreted this declaration as meaning Finland will be willing to let its military offensive ebb before reaching the railway leading from Murmansk to the White sea port of Soroka, which also is connected to the railroad leading to Archangel.

The paper also stressed that many Russian points along the northern section of the Murmansk railway are strongly fortified and that German forces in the north evidently are not capable of driving out the Soviets.

Expect Negotiations

According to Tidningen, most Finns expect continued negotiations with the United States and do not expect an immediate British declaration of war against Finland even though Russia is pressing Britain to declare hostilities.

Belief was expressed that a British war declaration would not change the situation greatly, since the British blockade against Finland already is 100 per cent effective and British air attacks, if undertaken against Finland, probably would occur only in the north.

The paper also expressed the view that a British war declaration probably would not change Finland's relations with Germany.

According to Tidningen, dominant Finnish opinion holds that the nation will maintain its political and military independence.

Picture Presented Of Westminster Students

(Special To The News)

NEW WILMINGTON, Nov. 14.—Westminster college students in addition to paying for their tuition, board and room, spend on an average of \$75.00 annually, according to a campus survey made by Pi Delta Epsilon, journalism fraternity. Students average from \$10 to \$15 a month allowances from home, in addition to the regular cost of a college education.

The survey indicated that "Miss Westminster Co-ed" is 5 feet 4½ inches tall and weighs 120 pounds, while the average "Westminster Collegian" is 5 feet 10½ inches and weighs 150 pounds. Approximately 30 per cent of the men on the Westminster campus, however, are six feet or taller.

Westminster co-eds and collegians average one movie a week, the survey shows; and if the movie is out of town, 90 per cent of the collegians

use the "hitch-hike" method of transportation. A college rule against co-ed "thumbing" forces co-eds going out-of-town to the movies to go by car or bus.

By large odds, "ham sandwiches" are favorites in the sandwich field for both co-eds and collegians; and "coke" is the favorite drink.

Most Westminster students come from income brackets ranging from \$2,000 to \$10,000 annually. Thirty per cent come from the \$2-\$3,000 classification; 30 per cent from the \$3-\$5,000 bracket; 15 per cent from the \$5,000-\$10,000 group. The other 25 per cent range between \$1,000-\$2,000 and above the \$10,000 line.

Prominent among the "occupations" listed by Westminster fathers are real estate, salesmen, merchants, accountants, school executives, industrial foremen, superintendents, metallurgists, missionaries, ministers, contractors, doctors, lawyers, farmers and dentists.

SAYS PEANUT HAS GAINED STATUS AS IMPORTANT FOOD

(International News Service)

AUBURN, Ala.—The tiny peanut, usually the mark of a baseball game, parade or a trip to the beach, is fast rising to an accepted position as one of our most important foods, according to Miss Lavada Curtis, of the Alabama Agricultural Department.

Within the past year the people of the United States have become peanut-conscious in their diets, and peanuts are now being featured as side dishes on menus in some restaurants, and in the regular "between meal" snacks in many homes, she said.

Miss Curtis, who is the Alabama Agricultural Department's Extension specialist in food preservation, declared the sudden importance of peanuts is the result of recent extensive surveys which showed millions of Americans are deficient in Vitamin B—one of the healthful qualities possessed by the peanut.

According to Secretary of War Henry L. Stimson, production of bombing planes has increased 17.8 per cent in three months.

Pennsylvania Is 'Guinea Pig'

Hines Says Federal Government Is Using State For Own Purposes

SEEKS CONTROL OF HUGE STATE FUND

By RAYMOND WILCOVE
International News Service Staff Correspondent
HARRISBURG, Nov. 14.—Asserting he had bent every effort to stamp out fraud in the payment of unemployment compensation claims, Secretary of Labor and Industry Lewis G. Hines today accused the federal government of using Pennsylvania as a "guinea pig."

Interference by the social security board, Hines charged, has reached the point where the bureau of unemployment compensation is unable to carry out its work. The bureau administers the state's \$185,000,000 jobless insurance fund.

Before Probers
Testifying before the Dent legislative committee investigating charges that hundreds of thousands of dollars have been paid in fraudulent claims, Hines declared:

"They (the social security board) have taken all our rights away. I can't even appoint a janitor myself. I must ask Mr. Bardsley's permission. They hold a gun to your head and say: 'You do this—or else'—being that we won't get the money."

Hines referred to William W. Bardsley of Philadelphia, regional director of the social security board, who had testified earlier before the committee. The bureau depends on a federal allocation for maintenance of its administrative force.

Confiscate \$185,000,000
"All of this," continued Hines, "is leading up to one thing—the federalization of all the unemployment compensation system. They are waiting for the President's word now. It means in effect they'll be confiscating \$185,000,000 in Pennsylvania."

"If this federal plan goes through—and I don't think it will, not if

I can help it—it will mean federal control over all our employees. Asked whether he possessed records supporting his assertion that there have been abuses in the promotion of personnel in the unemployment compensation bureau, Bardsley told the committee that the social security board is unwilling to make complaints available because of the fear it would lead to dismissals.

Hines challenged the committee to compel Bardsley to make public the results of an investigation of unemployment compensation in Pennsylvania made by the S. S. B., adding:

"They haven't found anything. The social security board's designs are to creep in and take over more and more."

The anticipated clash on the witness stand between Hines and Ernest Kelly, dismissed chief of the jobless insurance bureau, was postponed when Kelly failed to put in an appearance.

The lapis lazuli mines in Afghanistan, which have been worked for 6,000 years, are probably the oldest in the world.

Honk Kong's busy shipbuilders are now dependent upon the United States for their steel supply.

JUVENILE CRIME

REPORTED GROWING

(International News Service)
PHILADELPHIA, Nov. 14.—The defense boom in this industrial city

has caused a decided drop in major crimes, but has resulted in an increase in juvenile delinquency. Police authorities reported.

Among boys and girls up to 16, a 10 per cent delinquency increase was

attributed partly to the fact that in many cases both father and mother now are working in Uncle Sam's arms drive and the children are left unsupervised.

Says Britain's Tide Turns Toward Hope And Confidence Now

(Editor's Note: Britain's tide has now turned toward "hope and confidence." Field Marshal Lord Ironside, former chief of the British imperial general staff, writes in his weekly war review for International News Service today. Ironside, now commander-in-chief of the British home guard, deals at length with the bitter dilemma facing Adolf Hitler in Russia.)

By FIELD MARSHAL LORD IRONSIDE

(Written especially for International News Service.)

LONDON, Nov. 14.—This week has been the turning point in hope and confidence. Stalin's fighting speech at Moscow came at a moment when the world was wondering whether Russia's great defense might not weaken. It was followed by Prime Minister Winston Churchill's speech at the mansion house revealing:

Some Developments
Munitions from Britain and the United States are already pouring into Russia.

The R. A. F. is at least equal to the Luftwaffe in strength and superior in quality.

A great fleet, comprising our bat-

tle ships, can be concentrated in the Pacific if necessary.

If the United States of America becomes involved in war with Japan, Great Britain's declaration will follow within the hour.

And finally President Roosevelt's Armistice Day speech in the United States, breathing hope for the future and expressing determination and unity of purpose.

(Editor's Note: In another speech to the House of Commons yesterday, Churchill told of vast reductions in British shipping losses and told of hopes for a sufficiently large allied fleet to make possible offensive action against the European continent by 1943.)

Held In Russia

Meanwhile, the Germans are still held in all sectors of Russia. They are battling with increasingly bad weather. At Tula south of Moscow their continued attacks have been bloodily repulsed and they have been forced back five miles by Russian counter-attacks. At Rostov they have made no progress. In the Crimea they are preparing to attack the fixed defenses of Sevastopol and the port of Kerch. There is no Russian confirmation of the German claim to have taken Tikhvits, 100 miles east of Leningrad toward the vitally important junction of Volga.

Hitler is reported to be at his eastern headquarters. His general staff is faced with the problem of whether to continue the attacks on Moscow or to try and find some means of stabilizing the situation and getting their men rest and cover.

Same Old Question
It is the same old question which has faced all invaders of Russia. To go on or to come back. To fight an exhaustive battle with the elements or await better weather.

The whole world is watching him. To halt is to lower the morale of his own men and the opinion of Germany amongst watching peoples. To go ahead and fail is irretrievable ruin.

Our naval operations in the Mediterranean have further increased demoralization of the Italian fleet. The sinking of 25 axis ships, including four warships, without loss to ourselves put a stop at this criti-

cal moment to the crossing to Africa of any convoys.

This success has been accompanied by persistent and successful bombing of the Italian ports of Naples, Brindisi and Catania.

Reports are coming in if the refusal of Italian crews to sail with such inadequate protection and German sailors are being sent to replace them.

In Libya

The situation of axis troops in Libya is becoming more and more precarious. Valuable reinforcements of men, materiel and precious gasoline have been destroyed at a moment when they are essential to an offensive that may have been contemplated.

We thus are left free to develop our strategy in more important areas to the north, with the feeling that Egypt's western flank is safe.

Gondar, last Italian stronghold in Ethiopia, now long invested, is in extremis and its fall cannot be long delayed.

Finally, due to the British and United States navies, our shipping losses in the Atlantic have been reduced to one-third their former amount. The steadily mounting number of German submarine prisoners shows the toll that has been taken of these marauders.

That Hitler depended upon starving us into submission is one of the facts we have learned from our visitor, Rudolf Hess. In this he has failed, as shown by the great reserves accumulating in Britain and the fact that we are one country in the European theatre which is able to improve—and not reduce.

Germans Claim New Advances

Declare Russian Counter-Attacks Are Hurdled Back In Lenin-grad Area

(International News Service)

BERLIN, Nov. 14.—New German advances on the central sector of the Russian front facing Moscow were announced by the German high command today in a war communiqué which also declared Russian counter-attacks had been repulsed at Leningrad.

On the central front, the war bulletin stated, three Soviet tanks were destroyed, numerous prisoners were taken and 58 red army bunkers were stormed despite stubborn Soviet resistance.

"Several" villages also were said to have been captured.

On the Leningrad sector, it was stated, German forces hurled back the counter-attacking Russians and destroyed eight Soviet tanks. The Russian counter-thrusts were supported by both tanks and planes.

In the Crimean peninsula, said the war bulletin, "our troops are just outside of Kerch," the strategic port facing the Caucasian coast across the narrow strait of Kerch.

The town and port of Kerch were reported under fire of German artillery.

At the Russian naval base of Sevastopol, the high command said, German planes put a Soviet coastal battery out of action, destroyed military installations in the harbor and damaged two large freighters.

Other air attacks were said to have been directed against Russian troops fleeing from Kerch and two Russian transport vessels were said to have been sunk.

Although the Armistice parade of 1941 is now history people of the community are yet telling those who did not see the pageant of not only the splendid parade but also of the co-operation which existed between sight-seers and police. In fact, it has been said that it was the most orderly crowd to watch a parade in a score of years here.

A man who gave the name of Clyde Malone and address as "from out of town" last night imbued too freely then employed too much profanity in South Jefferson street near Public Square. Today in police court Mayor Charles B. Mayne sentenced the man to pay a fine of \$25 or spend 30 days in the county jail.

Police today were somewhat vexed today when night patrolmen reported that several meters had either been damaged or robbed last night. Patrolman Thomas Lynch found a brick apparently was the weapon which knocked off caps.

Grange Chorus To Present Concert

A sacred concert will be given in the Mt. Jackson United Presbyterian church on Sunday evening, Nov. 16, at 8 o'clock by the Big Beaver Grange chorus. This chorus of 25 voices is under the direction of W. H. McCullough.

This will be the monthly meeting of the joint Young People's societies of North Beaver township.

The chorus will sing again on Sunday evening, Nov. 23, in the United Presbyterian church of New Galilee.

Congressman To Fly To London

(International News Service)

WASHINGTON, Nov. 14.—Rep. J. Buell Snyder (D) Pa., chairman of the house appropriations subcommittee, today left by airplane on a secret mission to London reportedly to gain information to be used in preparing future army bills. Emphasizing the official character of the mission, the war department appointed Col. Arthur Wilson as Snyder's aide.

Y. W. C. A. Notes

SQUARE CIRCLE

Members of the Square Circle of the Y. W. C. A. held a meeting in the "Y" Thursday evening and rehearsed the program for the all-association dinner to be held on November 18.

At the close of the meeting the girls went to the Lawrence County Tuberculosis society office to help prepare Christmas seals.

JUNIOR BUSINESS GIRLS

Members of the Junior Business Girls met in the auditorium of the Y Thursday evening to practice the songs for the All Association dinner after which they held their regular meeting in the form of a taffy pull in the kitchen.

Those in charge of the taffy pull

were Alea Montgomery, Virginia Cartwright, and finance chairman Jane Brennenman.

Members of the committee are Carol Hawkins, treasurer; Jane Brennenman, chairman; Heiler Bloise, Marian Campbell, Betty Cope, Lois Curry, Shirley Gaston, Helen Johnston, Betty Jean Kemp, Jean Molls, Mary Ann Massaro, Jean Nunn and Jeanne Rapson.

WASHINGTON RESERVES

George Washington Girl Reserve held their meeting Wednesday afternoon in the cafeteria. Devotion were read by Marilyn Cartwright and Marilyn Reeves. The secretary and treasurer, Betty Lou Finch and Jane Kerr, gave their reports.

The All Association dinner was discussed and will be held Tuesday, November 18, at the Cathedral. Betty Kay McFall is going to make

the table decorations and Francine Cohen is the head of the menu committee.

Shirley Shields passed books from the library and the business meeting was conducted by president Mary Louise Ward. A penny march was held to get a girl reserve flag. Sondra Hamilton played the piano for this march.

Songs were sung, which will also be sung at the dinner. Francine Cohen, Ilona Stevenson and Peggy Wilkinson directed the singing.

GIRLS HELP WITH SEAL PREPARATION

With the big task rapidly nearing an end for this year, members of the Square Circle of the Y. W. C. A. helped prepare Christmas seals for the mails in the Lawrence County

Tuberculosis society office Thursday.

Following girls worked with the group: Mary Lagnese, Mary Aloy, Ida Cassachia, Connie Santilippo, Evelyn Scarpitta, Theresa Plesiga, Jean O'Tousa, Blanche Orpell, Ann Burgo and Mary Bullano.

Leisure "Kayoes" Son Of Ex-Mayor

Les Leisure, local middleweight, last night in Youngstown knocked out Paddy McCloskey, son of former Mayor Eddie McCloskey, of Johnstown, and also ex-commissioner of boxing in a Youngstown ring last night. Leisure's two brothers also won their fights.

Says College No Aid To Matrimony For Most Co-eds

STATE COLLEGE, Nov. 14—Girls who come to college lessen their chances of getting married, a psychologist at the Pennsylvania State college told members of a women's education fraternity here.

"Women who can toast bread without burning it and sew buttons on correctly have a better chance for marriage than those who can't," according to Dr. Clifford R. Adams, instructor in education and psychology.

College men tend to marry women with an I. Q. of eight points lower than their own, he pointed out. Therefore girls who come to college naturally lessen their chances of catching a mate.

The average non-college woman marries at 24, while career-aspiring co-eds seldom marry before 26 or 27. Non-co-eds have a 9 to 1 chance of securing a husband because they have more time to "plan their attacks" and "make their catches," Dr. Adams said.

Mine Inspectors Will Be Trained

(International News Service)
PITTSBURGH, Nov. 14—Within a week, more than 100 mine inspection experts will begin an intensive training course to prepare for the inauguration of the new federal mine inspection act, Dr. R. R. Sayers, director of the U. S. Bureau of Mines, disclosed today.

Enforcement of the new regulatory act will begin around the first of the month. The act permits federal inspectors to check any mine from top to bottom, and publish their findings on any unsafe practices or physical characteristics.

NEW CASTLE TO PLAY WARREN HERE ON SATURDAY

Final Game For Red Hurricanes

New Castle High Faces Stiffest Test Of Season Here Tomorrow; Warren Sending Powerhouse Eleven; Largest Crowd Of Season Looked For; New Castle Will Strive For Undeclared And Untied Record; Kickoff At 2:30 O'Clock.

LASHED into a fury over being "Counted Out" of W.P.I.A.L. Class AA championship running, a hard fighting and determined New Castle High football machine awaits the invasion Saturday afternoon of the powerhouse Warren, Ohio, Harding High team. The impending battle looks like the best of the year here at the stadium. The kickoff is slated for 2:30 o'clock.

Doster and Peters has been better than average. Saturday will be the first daylight game played here this season. New Castle's only other time in the sunshine was at McKeesport. Having compiled a great record to date the boys have promised Coach Bridenbaugh to give their all in the Warren game and end with an unblemished record.

New Castle fans for the final time, now that New Castle is surely out of the Class AA picture, will see the following regulars in action—Bobby Stewart, Frankie Masters, Norm Scarazzo, Tommie Parou, Norman Peters, Wilbur Young, and Joe Ryan. Let's hope the weather is good tomorrow afternoon and that the field is fast, because you are going to see a real football game, so until then we'll be seeing you.

BOWL TICKETS SOLD
NEW ORLEANS—Despite the fact that the game is still more than a month away, tickets for the New Year's Sugar Bowl game have already been sold out. The tickets were sold less than a week after they were placed on sale.

CONN IN TRAINING
PITTSBURGH—After a long lay-off, Billy Conn has resumed training. The heavyweight challenger expects to participate in several bouts at the start of 1942.

PRACTICES ARE REAL
Spring practices at Texas university were real. The squad was divided into four teams. Then followed a round robin schedule of intra squad games.

Knockouts In Arena Ring Draws Support From Ring Fans

RUSSELL BAXTER MEETS FRANKLIN

Having produced a knockout each time he stepped into the Jefferson A. C. ring in The Arena, Benny Newkirk, only recently back from Uncle Sam's army, has caught the fancy of the crowd and should he score another "kayo", this time over the rugged "Bunny" Misto of Youngstown, next Wednesday night he will have won a permanent place in the fan's memory.

Benny has a broad pair of shoulders and possesses the faculty of putting leverage into them. He shot a right, straight to the jaw of his foe several weeks ago and the opponent was colder than a herring.

But Benny Misto, a brother of Pete, is nobody's ring dunce. He is tough, isn't afraid to snap into fast-going and fans can rest assured they'll see a good fight when this pair clash.

Back In "Harness"
Russell Baxter, his cuts healed, is back in harness and hopes to beat the good Benny Franklin, senior Allegheny Mountain Association middleweight champion. This bout is one of the best that could have been arranged.

Chuck Jackson, a Diamond Belt tourney star, will tackle Ossie Pegase of Youngstown. Babe and Al are three Leasurers. Les, Babe and Al are carded for bouts with Frank Barda, Diamond Belt star at 160, Young Roberts, Brooklyn, at 130, and Carl Rausch, Youngstown, at 130, respectively.

Pete Misto is training to combat the ring clown Muddy Kurtz at 166 and Denny James of McKeesport, stablemate of Muddy, will tackle Billy Krumbacher of Youngstown, a southpaw who scored a "kayo" here recently.

COLORED BOYS TO MEET
James Hill, the new athletic director of the New Castle colored youths, will meet with the Apex basketball team and the larger boys at the Arena tonight at 6 o'clock.

HE'S ONLY A BOY!
BATTLE CREEK—Rodney Rudolph, now only 15, is a 250 pound griddle for Battle Creek high school. What will he weight when he grows up?

Titans To Play Bethany Team

Will End Grid Season In Game At West Virginia, Saturday

(Special To The News)

NEW WILMINGTON, Nov. 14.—In their final game of the year, the Westminster Titans travel to Bethany this Saturday in what will be a "battle of goal-lines." Bethany has not scored this year, but in turn the Titans have not crossed the Bison goal-line in six years.

Coach Grover Washbaugh will shift his lineup considerably for the Bison-Titan game. Two seniors, playing their final game for the Blue and White, will be starters: Capt. Pete Evanoff at quarter and Mord Taylor, McKeesport, right half.

In the line the Titan coach will start Murphy and Wilson at the ends; Hopkins and Reed, tackles; Hudson and Kuseck, guards, and Glass or Shenkel at center. In the backfield will probably be Mastro, Jeannette freshman, left half; Dale Riddle, Vandergrift, or Dick Newton, Ellwood City, fullback; Evanoff, quarter, and Taylor, right half. The Titan season record now stands at 4 won and 3 lost, following their upset at the hands of Grove City last Saturday in a disastrous first-quarter when the Crimson scored all their 20 points.

With nine men on his squad above the 190 mark, Coach John Knight of the Bisons will be able to put a team on the field that will outweigh the Titans by 10 pounds a man. Westminster will hope for a fair day so that its passing and running attack can get under way.

In holding W. & J. to a 7-0 victory, the Bisons showed something of last season's form when they won 6 and lost 2. The Titans' hope for a "winning season" depends on the outcome of the Bethany-Westminster struggle.

STILL GOOD PITCHER

ST. LOUIS—Hubert Pruett, southpaw flinger with the St. Louis Browns in 1922, came out of retirement this season. He helped win a title for a municipal association team. Pruett is best remembered for the many time he fanned "Babe" Ruth with the "fadeaway" pitch.

CAGERS IN ARMY

ANN ARBOR—Michigan's hopes of turning out a championship basketball team have been dimmed with the departure of three candidates to the army. Bill Hermann, an ensign, Herb Brogan is an aviation cadet and George Ruehle is at Camp Grant, Illinois.

SPORTS WORLD RAMBLINGS

Football forecast by a guy named Joe:

Notre Dame-Northwestern—Bertelli and Graham form part of the batteries for this one. We'll ride along with Bertelli's slingshot. Notre Dame 21, Northwestern 13.

Duquesne-Mississippi State—A clash that could easily end in a tie. The State's showing against Auburn disappointing. Duquesne nudges thru undefeated and untied, 14-7.

Missouri-Oklahoma—Two of the most improved teams in the land collide for the Big Six emline. Our say goes to Missouri, which has played a slightly tougher schedule, 14-6.

Boston college-Tennessee—Favor a constantly improving Boston college edition which performs at home, 19-7.

Minnesota-Iowa—Dispatches from Gopherland indicate that Bruce Smith will be back. This is sad news to a fair Iowa team. Minnesota continues basking in sunshine valley, 27-6.

Pittsburgh-Nebraska—Inspired by that Fordham victory, we look for the rejuvenated Panthers to string another victory. Vike Francis won't be around the Husker backfield Pitt, 19-7.

Stanford-Washington State—Shaughnessy has his "T" formation clicking too smoothly for a rough State club. Stanford 21, State 6.

Texas-T. C. U.—That defeat did Texas a lot of good. The Horns will play minus any mental hazards. Texas to sweep through, 28-6.

Wisconsin-Purdue—Against the grain. Purdue 13, Wisconsin 6.

Texas A. M.—Rice—The Aggies should scatter Rice all over the field. Our guess, A. & M. by a 27-6 margin.

Penn State-West Virginia—Without hesitation, Penn State 21-6.

Pennsylvania-Army—The Kaydets seem all in following two gruelling week-ends. Penn's power too much 21-6.

Oregon State-California—State unloaded too much stuff last week, wrong, 73 ties.

Lost To Team

JOE DEMOISE

NEW WILMINGTON, Nov. 14.—Joe Demoise, Westminster varsity griddle from Greensburg, is lost to the Titans for the remainder of the football season, following a broken finger in the Grove City game last Saturday.

The versatile Titan griddle who played in the backfield last year was shifted to an end position this year when Ted Ossoff, varsity end, broke his wrist in an early season scrimmage. Demoise is still pulled into the backfield occasionally for a punting or passing assignment. Demoise follows in the trail of an "end-jinx" this season that has cost Coach Washbaugh the services of Ted Ossoff and Ed Hamilton, Mt. Lebanon sophomore. Coach Washbaugh is now using a center and a fullback at ends, Tom Murphy of Ellwood City and Jim Wilson, Canton, Ohio, last year's regular varsity center.

SHIFTED TO LINE

NEW HAVEN—Because Yale university has nine backs, Jim Whitmore has been shifted to blocking guard.

Solem Retained By Syracuse U.

(International News Service)
SYRACUSE, N. Y., Nov. 14.—Ossie Solem, head football coach at Syracuse University since 1937, has been retained for another year, school officials announced today. Salary terms were not disclosed.

NEW YORK, Nov. 14.—To state the case simply and in fewest words Joe Louis will make his 20th defense of the world heavyweight championship against Buddy Baer at Madison Square Garden on Jan. 9.

The match, scheduled for 12 rounds, has been definitely closed under Mike Jacobs' promotion for the benefit of the New York Auxiliary of the Navy Relief Society.

That's not the story, though, for Louis knocked out Baer last summer at Washington in seven rounds and will figure to do it even faster this time. And you can bet, think that Buddy won't knock Louis through the ropes again as he did in their first meeting.

For Relief Fund.
The unique angle to this particular encore of a pretty good fight is that the champion is laying his title on the line free of charge. He is donating his end of the purse except legitimate expenses, to the relief society, and Jacobs is doing the same. Baer likewise will kick in something.

The old-timers in the fight game must shudder and quail at this unorthodox procedure. You may remember that in the past when ever some of our great champions deigned to do something for charity they wound-up with a fine payday for themselves and the show lost money—meaning charity got left out in the cold. But that can't happen here. And it won't happen.

Announcement by Rear Admiral Adolphus Andrews, commandant of the third naval district and commander of the North Atlantic naval frontier, who is president of the Naval Relief Society, contained the information that his organization does not and will not accept funds from a promotion where the promoter receives payment of any kind.

Anything Can Happen.
So if Louis stumbles into the ring and breaks an arm and leg—which is about the only way he can lose to Buddy—he will blow

his title without a nickle beyond what he spent to get in shape. And with that Jacobs would blow his big meal ticket at approximately the same rate of remuneration.

Without trying to put rich men on the back for throwing away a few pennies. We can break it all this down into the kind of figures you pay for fuel and house rent and that occasional snifter, if any by pointing out that Louis will give away approximately 40 percent of a probable \$100,000 gate. Baer will give away as little as possible, and Jacobs will shell out whatever is left that ordinarily would be his end of the business. I don't know anything about such figures. I am strictly a sack of Bull Durham guy, but according to my quick calculations the relief society should come out of this with about \$60,000 give or take a few bucks.

The exact net gate, of course depends upon the scale of prices for seats with a sellout assured even if they were to go flamboyant on us and decide to start at \$50 ringside in the name of charity and in this case a worthy charity not some ailing politicians allegedly ailing uncle.

For Good Cause.
The Navy Relief Society was organized in 1904 to provide for emergency situations encountered by officers and enlisted men of the U. S. navy and their families. Every man in the service, from plumed admiral of highest rank down to lowest dungaree-clad goby contributes to the society annually and they have combined to build it into one of the great organizations of its kind. Last year, for instance, the society—which is under control of naval men—handled 11,000 cases at an expenditure of close to \$500,000, contrasted with \$480 spent during the first year of its existence.

There is no likelihood of the fight being endangered by Louis' induction into the army, although he was classified in 1-A. He is not expected to be called until next spring, from the way the numbers in his district are going, and he may not be signed up at all for Uncle Samuel's battle, inasmuch as he will be 28 in May.

Bands To Provide Plenty Of Music

New Castle And Warren High Bands Will Stage Spectacle At Grid Game On Saturday

A football game without band music would not be a football game nowadays, and the New Castle-Warren game here on Saturday will not be without the usual fine music either.

The Warren High band under the direction of Charles Corlett will come here 120 pieces strong and prior to the game will assist the New Castle band in the flag raising exercises at 2:15 o'clock.

Highlighting the pre-game musical treat will be Miss Helen Venditto, veteran baton twirler of the New Castle High band, who will do a special stunt. Miss Venditto is graduating next year and this will be her final appearance before a football throng.

Between halves the Warren band will take the field first and do a special drill, after which the New Castle band will form at the northern end of the field and march to the center, forming a huge turkey. The band members will have turkey feathers in their caps and also pom-poms. As the band plays "Turkey in the Straw" a group of high school girls, under the supervision of Miss Margaret Fischer, will go through a square dance routine, wearing the costumes of appropriate nature.

New Castle not only has a championship football team, but a championship band as well, under the direction of Joe Replogle.

ONE MAN BLITZ.
Oklahoma's devastating tackle, Roger Eason, has been termed a one man blitz. He is so fast that he often gets down field for punts before ends. He's a genius at breaking up enemy plays.

QUE CHAMP AGAIN.
In the cue pushing brigade, Erwin Rudolph is at the top again. He recently won the world's pocket billiard championship, succeeding Willie Mosconi. This is Rudolph's fifth championship.

TRAVEL BY PLANE.
GREEN BAY, Wis.—On all their long junkets, the Green Bay Packers, of the Professional Football League, travel by plane.

LIKES CLIPPED SLEEVES.
Jimmy Richardson, Marquette's effective passer, cuts off the sleeves of his jerseys above the elbows. Says it adds effectiveness to his chucks.

St. Vitus Cagers To Start Drills

Team Will Be One Of Strongest In County; Was Unbeaten In 1940

Despite the fact that footballs are still filling the air, basketballs are commencing to make their appearance.

The St. Vitus cage wizards, winners of 27 straight games last season, figure to be one of the strongest aggregations in the county. Last year's Y. M. C. A. Church League kings will stage their initial practice Sunday, facing the Booker T. Washington quintet.

Coach "Kane" Morgan today stated that his roster will include: Nickie Gennock, Petie Zingaro, Sammy Bulano, Rags Gennock, Joe Ross, Sammy DeLillo, Vic Ross and let the youthful clouter make a strong finish which sweep the crowd. Announcer Balogh then began one of his famous 5,000-word announcements of the winner. Standing in the middle of the ring Harry, who will never use a two-syllable word, if there's a four-syllable one to fit the occasion, said: "The winner and new champion is. . . . The rest of his sentence was drowned out by a roar of applause that swept the garden.

Lesnevich And Mauriello Will Battle Tonight

By JACK MAHON
International News Service Sports Writer

NEW YORK, Nov. 14.—The kid who was a champion and an ex-champion in the space of 30 seconds, makes his second attempt to win the world's light-heavyweight title when Tami Mauriello of the Bronx faces Gus Lesnevich, Cliffside Park, N. J., at Madison Square Garden tonight. Because of the closeness and severity of their last meeting, in which Lesnevich was awarded the title after Announcer Harry Balogh had indicated Mauriello had won, has caused a shift in the betting odds and Tami, under-dog in that first meeting, will be a 7 to 5 favorite tonight.

Fans are not likely to forget the weird finish of the boys' first battle for a long time. Lesnevich dropped the Bronx kid early in the fight built up an early lead then tried to finish which sweep the crowd. Announcer Balogh then began one of his famous 5,000-word announcements of the winner. Standing in the middle of the ring Harry, who will never use a two-syllable word, if there's a four-syllable one to fit the occasion, said: "The winner and new champion is. . . . The rest of his sentence was drowned out by a roar of applause that swept the garden.

FROM ME TO YOU

By MESEALL

Here it is Friday . . . last Tuesday a parade took place in New Castle . . . and today the people are still talking about it. Praise and praise and still more praise. It was the best parade that New Castle or Lawrence County ever had. We even heard a few say that it was the best parade they had ever seen . . . and they had been to Washington, D. C., and to the large Legion parades in various cities. Those who had charge can mark down in their little book a row of five stars . . . When a population talks about a parade in favorable terms three days after the parade . . . That is something.

And when we think of Thanksgiving we give thought to cranberries . . . so try this on your kitchen stove:

CRANBERRY PANCAKE ROLLS

1/2 cup flour
1 teaspoon baking powder
1 teaspoon sugar
pinch of salt
1 egg
1 cup milk
1 teaspoon melted butter
hot spiced cranberries

Stock Market Stages Rally

Several Issues Up Point Or More In Morning Trading

(International News Service) NEW YORK, Nov. 14.—The stock market staged a fairly substantial rally today, with several issues up a point or more.

Gains of a point or better were shown by Westinghouse Electric American Smelting, Union Pacific, Eastman Kodak, U. S. Gypsum, Chrysler, Union Carbide, U. S. Steel and Crucible Steel.

Up almost as much were Allied Chemical, American Telephone General Electric, Deere & Co., Santa Fe, Montgomery Ward, Douglas Aircraft and Standard Oil of N. J.

There were a few laggards. Liggett & Byers "B" dropped more than a point to a new low for the year. American Shipbuilding lost almost as much before meeting support.

Castlewood Club

Mrs. Herschel Kauffman and Mrs. John Eubank were special guests of the Castlewood club whose members were pleasantly entertained at the home of Mr. and Mrs. William Herge, Todd avenue.

Plans were made to have a Thanksgiving dinner next Friday at the home of Mrs. Clarence Kauffman, Fountain avenue.

D. S. T. Club

Meetings were resumed last evening by the D. S. T. club at the home of Mrs. Robert Main, Glen avenue.

After several hours of playing 500, the high and traveling awards went to Mrs. Harry Ott, who will entertain again on Thursday, Dec. 4, at her home in Border avenue and the second award to Mrs. C. E. Anderson.

Mrs. Ray Gillespie, a special guest, aided the hostess in serving a refreshing lunch.
